

Bachelor of Science (Hons) in Internet Computing (Part Time)

Year	Semester	Module Code	Module Title
I	1	LG1405*	Melayu Islam Beraja
		LG1401*	Effective Communication
		CC1102*	Computational Mathematics
		CI1112	Fundamentals of Information Systems
	2	LG1402*	Professional Communication
		CI1103	Programming I
		CI1207	Introduction to Multimedia and the Internet
II	3	CI1106	Programming II
		CI1105	Systems Analysis and Design
		CI2110	Database Systems Design and Implementation
	4	CI2109	Programming III
		CI2214	Web Development 1
		CI1231	Fundamentals of Data Analytics
III	5	CN2242*	Computer Security Fundamentals
		CN2202*	Data and Computer Networking
		CI1511	Ethics and Innovation in Information Technology
	6	CI2213	Internet Technologies
		CI2212	Human Computer Interaction

		CN2241*	People and Security
IV	7	CG3501*	Non-Programme Module
		CI4220	IT Project Management
		CI4221	Web Development 2
	8	CI3517	Research Methodology
		CI4223	Mobile Application Development
V FINAL YEAR	9	CI4222	Interactive Content Production
		CI4232	Web Information Retrieval
	10	CI4226	Final Year Project

* Modules offered by other Programme Area
