TL3 UTB Library Complex

Prospective candidates should be fresh graduates.

Mechanical/Civil Engineering- 2 Positions (Brunei)

Subsea 7 is acknowledged by our clients, our people, and our shareholders, as the leading strategic partner in seabed-to-surface engineering, construction and services. People are central to our success – we build our business around a valued and motivated workforce.

You will benefit from working for an organisation that has a strong focus on providing training and development opportunities, regular social events, fully subsidised private health insurance and a flexible working environment.

Joining us means seeing the big picture, both within our organisation and across our sector. We enjoy an exceptional vantage point, encompassing the best talent in engineering, law, HSE, planning, marketing and more. And that means, we're always learning from each other. Making us a brilliant platform from which to develop a lasting career.

That's Being 7.

Interview and Assessment Period: 20th October 2018

Start Date: November 2018

To find out more about how you can join our Company, please visit us at www.subsea7.com and please submit your complete CV to Shakila.Subiah@Subsea7.com
