

WHAT TO DO IF STUDENT BECOMES UNWELL?

If a student becomes unwell in school...

ISOLATE UNWELL STUDENT

Isolate any student who develop fever and respiratory symptoms (such as cough, runny nose and sore throat) and take him / her to a designated room for rest and care (sick bay)

WEAR A MASK

Ensure the student wear a mask if he / she cannot be isolated

CONTACT PARENTS

Call and inform the student's parents or guardians immediately and advise them to bring the student to the nearest health centre for medical care

REST AT HOME

Allow sick students to recuperate at home until they are over their illness
