“INTIPATI” AYAT-AYAT AL-QURAN  
UNTUK MAJLIS KONVOKESYEN UTB 2025

*THE “ESSENCE” OF THE QURAN VERSES FOR  
UTB CONVOCATION CEREMONY 2025*

Tema: Menghubungkan Idea, Membina Masa Depan  
– Kerjasama Merentas Disiplin

*Theme: Bridging Ideas, Building Futures  
– Collaboration Across Disciplines*

SURAH AL-BAQARAH  
AYAT 30 – 33

وَإِذْ قَالَ رَبُّكَ لِلْمَلَائِكَةِ إِنِّي جَاعِلٌ فِي الْأَرْضِ خَلِيفَةً قَالُوا أَتَجْعَلُ فِيهَا  
مَنْ يُفْسِدُ فِيهَا وَيَسْفِكُ الدِّمَاءَ وَنَحْنُ نُسَبِّحُ بِحَمْدِكَ وَنُقَدِّسُ لَكَ قَالَ  
إِنِّي أَعْلَمُ مَا لَا تَعْلَمُونَ ﴿٣٠﴾ وَعَلَّمَ آدَمَ الْأَسْمَاءَ كُلَّهَا ثُمَّ عَرَضَهُمْ عَلَى الْمَلَائِكَةِ  
فَقَالَ أُنَبِّئُونِي بِأَسْمَاءِ هَٰؤُلَاءِ إِنْ كُنْتُمْ صَادِقِينَ ﴿٣١﴾ قَالُوا سُبْحَانَكَ لَا عِلْمَ لَنَا  
إِلَّا مَا عَلَّمْتَنَا إِنَّكَ أَنْتَ الْعَلِيمُ الْحَكِيمُ ﴿٣٢﴾ قَالَ يَا آدَمُ أَنْبِئْهُمْ بِأَسْمَائِهِمْ فَلَمَّا  
أَنْبَأَهُمْ بِأَسْمَائِهِمْ قَالَ أَلَمْ أَقُلْ لَكُمْ إِنِّي أَعْلَمُ الْغَيْبَ السَّمَوَاتِ وَالْأَرْضِ وَأَعْلَمُ  
مَا تُبْدُونَ وَمَا كُنْتُمْ تَكْتُمُونَ ﴿٣٣﴾

### Terjemahan Ayat-Ayat dalam Bahasa Melayu:

Dan (ingatlah) ketika Tuhanmu berfirman kepada malaikat-malaikat: “Sesungguhnya Aku hendak menjadikan seorang khalifah di bumi (iaitu Nabi Adam ‘alaihissalam).” Malaikat-malaikat itu berkata: “Adakah Engkau hendak menjadikan di bumi orang yang akan membuat kerosakan dan menumpahkan darah sedangkan kami sentiasa bertasbih dengan memuji serta mensucikan Engkau?” Allah berfirman: “Sesungguhnya Aku lebih mengetahui apa yang kamu tidak mengetahuinya.” (30)

Dan Allah telah mengajarkan Nabi Adam ‘alaihissalam nama segala sesuatu, kemudian Dia mengemukakannya pula kepada malaikat-malaikat dengan berfirman: “Terangkanlah kepada-Ku nama segala sesuatu itu jika betul kamu orang yang benar.” (31)

Mereka berkata: “Maha Suci Engkau Ya Allah! (Tidak sepatutnya kami mempertanyakan tentang hikmah di sebalik pelantikan Nabi Adam ‘alaihissalam menjadi khalifah). Sesungguhnya kami tidak mempunyai pengetahuan selain daripada apa yang Engkau ajarkan kepada kami. Sesungguhnya Engkau-lah Tuhan yang Maha Mengetahui lagi Maha Bijaksana.” (32)

Allah berfirman: “Wahai Adam! Terangkanlah kepada malaikat-malaikat itu nama-namanya.” Setelah (Nabi Adam ‘alaihissalam) menerangkan nama-namanya itu kepada mereka, Allah berfirman: “Bukankah Aku telah katakan kepada kamu bahawa Aku lebih mengetahui rahsia langit dan bumi dan Aku lebih mengetahui apa yang kamu nyatakan dan apa yang kamu sembunyikan.” (33)

### *Verses Translation in English Language:*

*And (remember), when your Lord said to the angels: “I am about to place a vicegerent on the earth”. They asked (the wisdom behind God’s decision. “Will You (Our Lord) put on earth one who will spread corruption and shed blood (killing each other) when we have for so long sung Your praises and sanctified Your name?” He said: “I know what you do not know.” (30)*

*And He taught Adam the names of all things and their uses; then He showed them to the angels, and said: “Tell Me the names of these (things), if what you say is true.” (31)*

*The angels replied: “Glory to You (O, Allah!) We have no knowledge, save that which You have taught us; truly only You, You alone are, Knowing, Wise.” (32)*

*Allah said: “O Adam! Tell them the names of all these (things)”;* and when Prophet Adam explained the names to them, Allah said: *“Did I not tell you that I know the secrets of the heavens and earth? And I know what you reveal and what you conceal?” (33)*

## Intisari dan Pengajaran Ayat:

Memakmurkan dan mengelola bumi dengan baik adalah tanggungjawab sekalian manusia generasi demi generasi sepanjang zaman yang diwarisi daripada bapa pertama manusia, Nabi Adam 'alaihissalam. Tugas tersebut adalah keistimewaan yang dikurniakan oleh Allah Subhanahu wa Ta'ala kepada baginda sebagai khalifah-Nya dengan dibekali ilmu pengetahuan mengenai nama, ciri-ciri dan sifat segala sesuatu yang dapat baginda manfaatkan untuk mendiami dan memakmurkan bumi. Pelantikan sebagai khalifah ini diceritakan melalui ayat-ayat yang baru sahaja dibacakan tadi.

Jelaslah kepada kita bahawa manusia adalah makhluk yang dilahirkan dengan kemampuan akal untuk mencari dan menggunakan ilmu pengetahuan bagi mengungkap rahsia-rahsia alam agar dengan pengetahuan tersebut mereka mengakui dan tunduk kepada kekuasaan agung di sebalik kehebatan alam semesta. Di sepanjang zaman, manusia yang memartabatkan ilmu pengetahuan terus memerhati, meneliti, mengkaji pelbagai bidang seperti kejuruteraan, perubatan, pertanian dan sebagainya sehingga berjaya mencipta sejarah membina tamadun-tamadun hebat di seluruh pelusuk dunia.

Pada hari ini, ilmu pengetahuan manusia telah jauh berkembang pesat. Dengan penggabungan kepakaran dalam pelbagai disiplin ilmu seperti sains, kejuruteraan, reka bentuk dan teknologi, manusia giat melahirkan inovasi baru yang tidak terjangkau sebelumnya seperti kecerdasan buatan (*artificial intelligence*).

Dalam menghadapi cabaran dunia hari ini yang semakin kompleks, generasi hari ini dan para graduan yang akan menerajui masa depan negara perlu komited untuk menjadi golongan yang berilmu, berintegriti, serba boleh, inklusif, berdaya tahan dan saling bekerjasama memanfaatkan pelbagai disiplin ilmu untuk menyumbang kepada kemajuan negara. Dalam pada itu, hendaklah tetap berpegang pada agama sebagai sukatsukat dan panduan membina inovasi yang manfaatnya bukan sahaja untuk kemajuan dan kesejahteraan masa depan di dunia bahkan melangkaui kejayaan dan kebahagiaan di akhirat. Insya Allah kemajuan yang berteraskan ilmu pengetahuan dan penghayatan agama akan menjadikan negara kita:

بَلَدَةٌ طَيِّبَةٌ وَرَبٌّ غَفُورٌ

Iaitu Negara yang maju dan mendapat pengampunan Tuhan Pencipta dan Pentadbir sekalian alam.

امين يا رب العالمين

### *The Summary and Lessons from the Verse:*

*The responsibility to prosper and manage the earth well is a duty entrusted to all of humanity, generation after generation, since the time of the first father of mankind, Prophet Adam ‘alaihihsalam. This task is a special honour granted by Allah Subhanahu wa Ta’ala to him as His vicegerent (khalifah), endowed with knowledge of the names, characteristics, and properties of all things which he could utilise to inhabit and prosper the earth. This appointment as khalifah is narrated in the verses that have just been recited.*

*It is clear to us that human beings are created with the intellectual capacity to seek and use knowledge to uncover the great secrets behind the magnificence of the universe. Throughout history, those who have upheld the value of knowledge have continued to observe, examine, and study various fields such as engineering, medicine, agriculture, and more, eventually making history by building great civilisations across the globe.*

*Today, human knowledge has advanced rapidly. By combining expertise from various disciplines such as science, engineering, design and technology, humankind is actively producing innovations previously unimaginable such as artificial intelligence.*

*In facing the increasingly complex challenges of today’s world, the present generation, especially graduands who will lead the nation’s future, must remain committed to becoming knowledgeable, trustworthy, versatile, inclusive, resilient, and collaborative individuals who harness diverse disciplines to contribute to national progress. At the same time, they must hold firmly to religion as the measure and guide in creating innovations whose benefits extend not only to the advancement and well-being of life in this world but also towards success and happiness in the Hereafter. In shaa Allah, progress founded upon knowledge and the embodiment of religion will make our country:*

بَلَدَةٌ طَيِّبَةٌ وَرَبٌّ غَفُورٌ

*A prosperous nation, blessed with the forgiveness of the Lord, The Creator and The Sustainer of all worlds.*

امين يا رب العالمين

## KANDUNGAN

# Sekapur SIRIH

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ  
السَّلَامُ عَلَيْكُمْ وَرَحْمَةُ اللَّهِ وَبَرَكَاتُهُ

Alhamdulillah, saya bersyukur ke hadrat Allah Subhanahu wa Ta'ala kerana dengan limpah kurnia dan izin-Nya jua dapatlah kita bersama-sama meraikan Majlis Konvokesyen Universiti Teknologi Brunei 2025. Majlis tahun ini merupakan konvokesyen yang ke tiga belas (13).

Pada tahun ini, seramai 568 graduan akan menerima ijazah masing-masing, iaitu seramai 13 graduan bakal menerima Ijazah Doktor Falsafah, 150 graduan bakal menerima Ijazah Sarjana secara Penyelidikan dan Kerja Kursus, manakala 405 graduan lagi akan menerima Ijazah Sarjana Muda mereka.

Setinggi tahniah saya ucapkan kepada graduan kerana hari ini merupakan hari yang penuh bersejarah, setelah berjaya menamatkan pengajian mereka di Universiti Teknologi Brunei (UTB). Saya yakin ini adalah hasil ketekunan, komitmen dan usaha gigih mereka. Dalam kesempatan ini saya mewakili seluruh warga UTB mengucapkan setinggi-tinggi tahniah dan syabas kepada para graduan.

Ke mana pun hala tuju para graduan selepas ini, harapan saya adalah bagi para graduan untuk menggunakan sepenuhnya nilai, ilmu pengetahuan, kemahiran dan pengalaman yang diraih semasa di UTB untuk kebaikan agama, bangsa dan negara. Sebagai aset yang begitu berharga bagi negara, para graduan wajar berusaha mencari jalan untuk membantu negara merealisasikan aspirasi Wawasan Brunei 2035, tidak mengira sama ada melalui kerjaya di

sektor awam, swasta, perindustrian, keusahawanan atau penglibatan di dalam pertubuhan-pertubuhan masyarakat dan awam.

Alhamdulillah, pada tahun ini UTB telah menyaksikan beberapa pencapaian yang membanggakan yang lahir dari usaha pihak UTB dalam memastikan pendidikan yang berkualiti dan mengeluarkan graduan yang sangat berdaya saing; UTB adalah di kedudukan 33 teratas universiti-universiti di Asia Tenggara dan di kedudukan 9 dalam kalangan Universiti Teknologi dan Kejuruteraan ASEAN di Asia Tenggara dalam QS World Ranking 2026. Saya yakin dengan inisiatif-inisiatif ini ianya adalah satu *advantage* untuk para graduan keluaran UTB yang serba boleh lengkap dengan sifat 360 Darjah Plus (*360 degrees plus*), iaitu graduan berkebolehan, bertanggungjawab terhadap masyarakat dan mempunyai nilai-nilai Melayu Islam Beraja yang mantap; cemerlang dalam semua bidang serta mempunyai kemahiran hidup (*life skills*) seperti keusahawanan dan kepimpinan.

Saya berharap graduan UTB dapat menyesuaikan dan memanfaatkan ilmu dan kebolehan yang diperolehi mereka untuk berdepanan dengan masalah kehidupan sebenar (*real life problems*). Saya yakin UTB telah mempersiapkan para graduan dengan sebaik-baiknya untuk mereka menempuh alam pasca universiti dan seterusnya mencapai kejayaan di arena yang lain pula.

Konvokesyen bukan bermakna berakhirnya hubungan di antara para graduan dan universiti. Saya mengalu-alukan penglibatan dan sumbangan para graduan, sebagai alumni universiti ini, dalam memangkin perkembangan dan kemajuan UTB seterusnya. Semoga apa jua bentuk sumbangan ilmiah, tenaga, masa, buah fikiran dan material para alumni itu nanti akan dapat menjadi amal jariah yang berkekalan kebaikan dan manfaatnya kepada penuntut-penuntut ilmu yang silih berganti di universiti ini.

Sebelum mengundur diri, saya ingin merakamkan setinggi-tinggi penghargaan dan ucapan berbilang-banyak terima kasih kepada para penyumbang Anugerah Pelajar Cemerlang bagi konvokesyen ini. Ucapan penghargaan ini juga saya tujukan kepada semua yang terlibat dalam menjayakan Majlis Konvokesyen ini. Mudah-mudahan semua usaha kita ini akan mendapat ganjaran dan Rahmat dari Allah Subhanahu wa Ta'ala.

آمِينَ يَا رَبَّ الْعَالَمِينَ

وَبِاللَّهِ التَّوْفِيقُ وَالْهُدَايَةُ وَالسَّلَامُ عَلَيْكُمْ وَرَحْمَةُ اللَّهِ وَبَرَكَاتُهُ

# Senarai Penerima-Penerima IJAZAH SARJANA MUDA

## FAKULTI KEJURUTERAAN *Faculty of Engineering*

### **SARJANA MUDA KEJURUTERAAN (KEPUJIAN) DALAM KEJURUTERAAN AWAM PENGAMBILAN KE-21 *BACHELOR OF ENGINEERING (HONOURS) IN CIVIL ENGINEERING INTAKE 21***

#### KEPUJIAN KELAS PERTAMA (FIRST CLASS HONOURS)

DAYANG HADZIQA BINTI HAJI AYOP  
DAYANG SYAFIQAH SYAHIRAH BINTI EMRAN

#### KEPUJIAN KELAS KEDUA ATAS (UPPER SECOND CLASS HONOURS)

AWANG MOHD HAMIZUL BIN ABDUL RAHMAN  
AWANG MUHAMAD IEZLAN BIN MOHAMAD SOFIAN  
AWANG MUHAMMAD ADIB HAFIZAN BIN AMIR HAMZAH  
AWANG MUHAMMAD AMIRUL ADLI BIN ROSLAN  
AWANG MUHAMMAD MUHYIDDIN BIN HAJI ISMAIL  
AWANG TUN LIN AUNG  
AWANG WANG HOUNG JANTHIP@ WONG HOUNG  
DAYANG ASHLEY CHUA PEI WENN  
DAYANG BATRISYIA EL BINTI MUHAMMAD DON  
DAYANG JONG WEI CZE  
DAYANG LILLY AFIQAH BINTI MOHAMMAD HARIYADI  
DAYANG NURULIZYAN BINTI HAJI JAHARI  
DAYANG SITI AMAL YAZIYAH BINTI YUSSOF

#### KEPUJIAN KELAS KEDUA BAWAH (LOWER SECOND CLASS HONOURS)

AWANG MUHAMAD ARIF FIRDAUS BIN HAJI HUSSIN  
AWANG MUHAMMAD NABIL NA'IM BIN RS. ARFANYATIM  
DAYANG AFIQAH SYAZANA BINTI JUNAIDI  
DAYANG NUHA NADZIRAH BINTI ZAKARIA  
DAYANG NUR ADIBAH BINTI MOKSIN  
DAYANG NURSYAHMIMI FAIQA BINTI MOHAMED ROHAIZAN  
DAYANG SITI RAIHANAH BINTI SUPRI

### **SARJANA MUDA KEJURUTERAAN (KEPUJIAN) DALAM KEJURUTERAAN ELEKTRIKAL DAN ELEKTRONIK PENGAMBILAN KE-10 *BACHELOR OF ENGINEERING (HONOURS) IN ELECTRICAL AND ELECTRONIC ENGINEERING INTAKE 10***

#### KEPUJIAN KELAS PERTAMA (FIRST CLASS HONOURS)

AWANG ARIF RUSYAIMI BIN ABDUL RAHMAN  
AWANG MUHAMMAD RUSLI BIN MURNI  
DAYANG KOO SUI MEI

#### KEPUJIAN KELAS KEDUA ATAS (UPPER SECOND CLASS HONOURS)

AWANGKU MUHAMMAD MIZWAR MUAZZAM BIN PENGIRAN HAJI MASRUL ASWADI  
AWANG ABDUL WAZIF BIN JA'AFARUDDIN  
AWANG JAYREN TAY WEI JUEN  
AWANG MUHAMMAD HARIZ@LUQMAN BIN HAJI HUSSIN  
AWANG MUHAMMAD IRSYAD BIN NOR ISA  
AWANG MUHAMMAD LUQMAN BIN ADANAN  
DAYANGKU NUR-SYIFAA BINTI PENGIRAN KAMAL ALLIM  
DAYANG NADEEYA BINTI MUHAMMAD MUSLLEY  
DAYANG NUR AFIQAH BINTI KIMPAT

DAYANG NUR AMAL YASERAH BINTI AWANG YAHYA  
DAYANG NURFARAHIYAH AIZAM @ NOORUL HIDAYAH BINTI HAJI ZAMAIN

**KEPUJIAN KELAS KEDUA BAWAH (LOWER SECOND CLASS HONOURS)**

AWANG AHMAD SYAFIE'E BIN AHMAD HILMI  
AWANG AMIR MUKMIN BIN BASRI  
AWANG ISKANDAR ZULQARNAIN @AHMAD NAZIF ASYRAF BIN AHMAD AMLI  
AWANG MOHAMMAD ANIQ SYAFIQ BIN HAJI SULAIMAN  
AWANG NICOLE HAN HONG  
DAYANG JASMIN NAJI'AH BINTI KAMARULL SHAH  
DAYANG NUR FARZANA BINTI SAIFUL AZMI  
DAYANG NUR WASIQAH AZIEMAH BINTI ROSIHAN

**SARJANA MUDA KEJURUTERAAN (KEPUJIAN) DALAM  
KEJURUTERAAN MEKATRONIK PENGAMBILAN KE-10  
BACHELOR OF ENGINEERING (HONOURS) IN MECHATRONICS ENGINEERING INTAKE 10**

**KEPUJIAN KELAS PERTAMA (FIRST CLASS HONOURS)**

AWANG MUHAMAD ARIF HISYAMUDDIN BIN ZAIDI

**KEPUJIAN KELAS KEDUA ATAS (UPPER SECOND CLASS HONOURS)**

AWANG MUHAMMAD SALLEHUDIN BIN AWANG MUHAMMAD SALISHAKNIZAM  
DAYANG NURSYAFIQAH SHAHIRAH BINTI AWANG AHMAD

**KEPUJIAN KELAS KEDUA BAWAH (LOWER SECOND CLASS HONOURS)**

AWANGKU MOHAMMAD FAIZ BIN PENGIRAN DATO SERI PAHLAWAN HAJI MOHD JEFRI  
AWANG AHMAD MUQRI BIN AWANG HAJI WASHLI  
AWANG FIKRY HAFIZAT BIN NOOR AZAM  
AWANG MOHAMAD HELMI BIN RATINO  
AWANG MUHAMMAD MAHRAN BIN DR. HAJI AWANG MAKARIMI  
AWANG MUTAWALI BIN MATALI  
AWANG ZIKRY AMANI BIN HAJI AZMA'IN  
DAYANG NURUL AFIFAH BINTI ABDUL RAHMAN

**SARJANA MUDA KEJURUTERAAN (KEPUJIAN) DALAM  
KEJURUTERAAN MEKANIKAL PENGAMBILAN KE-13  
BACHELOR OF ENGINEERING (HONOURS) IN MECHANICAL ENGINEERING INTAKE 13**

**KEPUJIAN KELAS PERTAMA (FIRST CLASS HONOURS)**

AWANG LIEW SE HAU  
AWANG MUHAMMAD NA'IIM BIN MOHD RAFI  
DAYANG IZAN HAZIRAH BINTI MOHAMMAD ZAM MAWI  
DAYANG SITI SAKINAH BINTI MAHARI

**KEPUJIAN KELAS KEDUA ATAS (UPPER SECOND CLASS HONOURS)**

AWANGKU HAZIM MUIZUDDIN BIN PENGIRAN SHARIFUDDIN  
AWANGKU MOHAMMAD AFIQ SYAZWAN BIN PENGIRAN HAJI ROSLI  
AWANGKU MOHAMMAD HISYAMUDDIN BIN PENGIRAN MOHAMMAD SOFFIAN  
AWANG AHMAD YAZIID BIN HAJI ABDUL AZIZ  
AWANG CHEW TECK FOO  
AWANG FOO FANG CHUEN  
AWANG LIEW YU LOENG  
AWANG MOHAMMAD DANIAL BIN ZAKARIA  
AWANG MOHAMMAD SYAZWAN ASNAWI BIN HAJI YASLI  
AWANG MUHAMAD ALI HABRI BIN JOFFRE  
AWANG MUHAMMAD AIMAN WAFIY BIN MUHAMMAD SAFWAN  
AWANG MUHAMMAD ASMIRUL AKMAL RIDHWAN BIN ZAHRINI  
AWANG MUHAMMAD NAQIB AHWAZIE BIN MOHAMMAD ALI KHAIRI  
DAYANG NORHAFIZAHTUL AYUNI BINTI HAJI REMLI  
DAYANG NUR DARWISYAH BATRISYIA BINTI ABDULLAH MUHAMMAD DANIAL DZIMAR

DAYANG NURIN JAZLINA BINTI NORAMIRUDIN  
DAYANG SITI NURALIAH BINTI MISLI  
DAYANG SUZIE VATRISYIA BINTI KUSNADI

**KEPUJIAN KELAS KEDUA BAWAH (LOWER SECOND CLASS HONOURS)**

AWANGKU MOHAMMAD SYAAKIRIN BIN PENGIRAN SANUSI  
AWANG ADZRUL BIN ADNAN  
AWANG AMEER AZHAR BIN AG ALIUDDIN  
AWANG MD MAHMUDUL HASAN  
AWANG MOHAMMAD AZIM SHAFIQ BIN ADI AZMAN  
AWANG MUHAMMAD IZZAT AIMAN BIN KIFLI  
AWANG MUHAMMAD SYAHMI BIN MUHAMMAD SUNNY SYAZWAN  
AWANG MUHAMMAD TAUFIQ BIN ABDUL MANAN  
AWANG MUHAMMAD WAIZ BIN HAJI YAHYA

**SARJANA MUDA KEJURUTERAAN (KEPUJIAN) DALAM  
KEJURUTERAAN KIMIA PENGAMBILAN KE-13  
*BACHELOR OF ENGINEERING (HONOURS) IN CHEMICAL ENGINEERING INTAKE 13***

**KEPUJIAN KELAS PERTAMA (FIRST CLASS HONOURS)**

AWANG MUHAMMAD KHAIRUL AMRIN BIN KAMARUL IHSHAM  
DAYANG IZZAH SYAZWANI BINTI MUHAMAD JUSRI  
DAYANG NUR ALMAS BARIZAH BINTI ALI HAZIS

**KEPUJIAN KELAS KEDUA ATAS (UPPER SECOND CLASS HONOURS)**

AWANGKU MUHAMMAD YASSER BIN PENGIRAN RAMLEE  
AWANG ABDUL HAKEEM BIN SAMSUL BAHARI  
AWANG ABU YAZID BIN MOHAMMED FADZILLAH  
AWANG MUHAMMAD AMINUDDEEN SYAFI BIN JONHIMRAN  
AWANG OSMAN LAABILLAH BIN ABU BAKAR  
DAYANGKU BATRISYIA BALQIS BINTI PENGIRAN ZAFFRI  
DAYANG NUR MU'IZZAH BINTI MORSIDI  
DAYANG SUHAILAH BINTI HAJI METASSIM

**KEPUJIAN KELAS KEDUA BAWAH (LOWER SECOND CLASS HONOURS)**

AWANG MOHAMMAD HAZIQ BIN HAJI MATASIM  
AWANG MOHAMMAD WA'IE TAQIUDDIN BIN SABRI  
AWANG MUHAMMAD SAIFUL RAHMAN BIN ALI HASSAN  
AWANG MUHAMMAD WILMAN RIZQAN BIN ASWADY  
DAYANG NURVANIDA BINTI METUSSIN  
DAYANG SHAFINAZ BINTI ZAILANI

**SARJANA MUDA KEJURUTERAAN (KEPUJIAN) DALAM  
KEJURUTERAAN PETROLEUM PENGAMBILAN KE-13  
*BACHELOR OF ENGINEERING (HONOURS) IN PETROLEUM ENGINEERING INTAKE 13***

**KEPUJIAN KELAS PERTAMA (FIRST CLASS HONOURS)**

DAYANGKU NURIN MIRZATUL NAQIBAH BINTI PENGIRAN MARSAL  
DAYANG NABIHAH HAZIQAH BINTI HAJI JAMIL  
DAYANG SITI NURDINNA SYAHRINA BINTI HAJI SAFUDIN

**KEPUJIAN KELAS KEDUA ATAS (UPPER SECOND CLASS HONOURS)**

AWANG AZIRULKHEEN SONG BIN MUHAMAD AZLAN  
AWANG BENEDICT SEAH ZHANG RONG  
AWANG MOHAMAD AQILY FAKHRY BIN HUSIN  
AWANG MUHAMMAD WAQIUDDIN BIN IRFAN  
DAYANG ALYA NURIN IZZATI BINTI HAJI MD ALI  
DAYANG NADHIRAHTULAIN BINTI ABDULLAH DIWATA

**KEPUJIAN KELAS KEDUA BAWAH (LOWER SECOND CLASS HONOURS)**

AWANG PETE ANAK PRANCHIS LAGAN  
DAYANG ASHLEY YONG PEY JIA

**SEKOLAH PERDAGANGAN UTB**  
*UTB School of Business*

IJAZAH SARJANA MUDA PERDAGANGAN (PROGRAM 4 TAHUN)  
BACHELOR OF BUSINESS (4-YEAR PROGRAMME)

**SARJANA MUDA PERDAGANGAN (KEPUJIAN) DALAM  
PERAKAUNAN DAN SISTEM MAKLUMAT PENGAMBILAN KE-9  
BACHELOR OF BUSINESS (HONOURS) IN  
ACCOUNTING AND INFORMATION SYSTEMS INTAKE 9**

KEPUJIAN KELAS KEDUA BAWAH (LOWER SECOND CLASS HONOURS)  
DAYANGKU IMAN AQEELAH@DAYANGKU HANA AALIAH BINTI  
PENGIRAN HAJI ABDUL KADIR

**SARJANA MUDA PERDAGANGAN (KEPUJIAN) DALAM  
EKONOMI GUNAAN DAN KEWANGAN PENGAMBILAN KE-9  
BACHELOR OF BUSINESS (HONOURS) IN  
APPLIED ECONOMICS AND FINANCE INTAKE 9**

KEPUJIAN KELAS KEDUA BAWAH (LOWER SECOND CLASS HONOURS)  
DAYANG NANNIE FETRISYAH BINTI UTAR

**SARJANA MUDA PERDAGANGAN (KEPUJIAN) DALAM  
PENGURUSAN TEKNOLOGI PENGAMBILAN KE-9  
BACHELOR OF BUSINESS (HONOURS) IN TECHNOLOGY MANAGEMENT INTAKE 9**

KEPUJIAN KELAS KETIGA (THIRD CLASS HONOURS)  
AWANG HAMIZAN BIN HAJI YA'AKUB  
AWANG LUQMAN HAKIM BIN HAJI MOHD YUSSOF

**SARJANA MUDA PERDAGANGAN (KEPUJIAN) DALAM  
PENGURUSAN MAKLUMAT PERDAGANGAN PENGAMBILAN KE-3  
BACHELOR OF BUSINESS (HONOURS) IN  
BUSINESS INFORMATION MANAGEMENT INTAKE 3**

KEPUJIAN KELAS KEDUA BAWAH (LOWER SECOND CLASS HONOURS)  
AWANG ABDUL HAZIM BIN HAJI HASNAN

IJAZAH SARJANA MUDA PERDAGANGAN (PROGRAM 3 TAHUN)  
BACHELOR OF BUSINESS (3-YEAR PROGRAMME)

**SARJANA MUDA PERDAGANGAN (KEPUJIAN) MAJOR DALAM  
SISTEM MAKLUMAT PERAKAUNAN PENGAMBILAN KE-2  
BACHELOR OF BUSINESS (HONOURS) MAJOR IN  
ACCOUNTING INFORMATION SYSTEMS INTAKE 2**

KEPUJIAN KELAS PERTAMA (FIRST CLASS HONOURS)  
AWANG ERIC RYAN GRAEME  
DAYANG NUR AZRA SYAZIYAH BINTI MOHAMDIH  
DAYANG NUR SYAZANA BINTI AZAHAN

KEPUJIAN KELAS KEDUA ATAS (UPPER SECOND CLASS HONOURS)  
AWANG AIMAN ZAKWAN BIN OSMAN  
DAYANG AMAL ZAKIRAH BINTI HAJI ZAKARIA  
DAYANG ARINA SYAHNURAINI BINTI MOHAM'MAD RAFI  
DAYANG CHUA LEE LING @ MELISSA CHUA  
DAYANG HAJAH NURUL FATHIN AQILLAH BINTI HAJI ROSLI  
DAYANG HAZZATUL FITRIAH BINTI HARDINNIE

DAYANG IZZAN INSYIRAH BINTI ABDUL KANI  
DAYANG NUR AINUL DAMIA BINTI HAJI EDDIE  
DAYANG NURRUL SYAFFIQAH HARRTY BINTI HAJI ABDUL KAHAR  
DAYANG NURUL NABILAH BINTI HAJI SHARIN

**KEPUJIAN KELAS KEDUA BAWAH (LOWER SECOND CLASS HONOURS)**

AWANG ERIC EMMANUEL ANAK PATRICK  
AWANG MUHAMAD NAZMI BIN HAJI IDRIS  
AWANG MUHAMMAD NURHAFIZ BIN JUPRI  
DAYANGKU NUR SYAZWANI SYAFIQAH BINTI PENGIRAN MASHALINI  
DAYANG NUR ANIS ARIBAH BINTI HAJI MAHRI  
DAYANG NURSYAZMIERA EZZWANIE BINTI SAMRIE  
DAYANG SITI NADIRA BINTI MOHD AZIZE  
DAYANG SITI NOR IFFAH BINTI AMINOR  
DAYANG SITI SARAH AQILAH BINTI MUHAMMAD SHAMSSUL

**SARJANA MUDA PERDAGANGAN (KEPUJIAN) MAJOR DALAM  
KEWANGAN DAN PENGURUSAN RISIKO PENGAMBILAN KE-2  
*BACHELOR OF BUSINESS (HONOURS) MAJOR IN  
FINANCE AND RISK MANAGEMENT INTAKE 2***

**KEPUJIAN KELAS PERTAMA (FIRST CLASS HONOURS)**

DAYANG NURHANANI BINTI HAJI ABD. MANAN

**KEPUJIAN KELAS KEDUA ATAS (UPPER SECOND CLASS HONOURS)**

AWANG ABDUL HADI BIN HAJI AMRAN  
AWANG MOHAMMAD ABEL WAIZ BIN AJUN NURAIN  
DAYANGKU NUR FARIAH SUMAIMAH BINTI PENGIRAN HAJI ABD RAHMAN  
DAYANG AZIFAH SAFWANAH BINTI HAJI MOHAMAD AZMAN  
DAYANG CLARISSA ANAK BELAYAN  
DAYANG FATIN NURLIYANA BINTI MOHAMAD SUFRIN  
DAYANG NURHANISAH BINTI ZAILANI

**KEPUJIAN KELAS KEDUA BAWAH (LOWER SECOND CLASS HONOURS)**

AWANG MOHAMMAD HAZIQ BIN ABDULLAH  
DAYANG AFZA BATRISIYA BINTI HAJI SHAMSUL  
DAYANG KHAIRUN'NISA NABILAH BINTI RS. ARFANYATIM

**KEPUJIAN KELAS KETIGA (THIRD CLASS HONOURS)**

DAYANG NURHAZATUL AFIFAH BINTI HAJI MOHAMAD ZUHDI AZALLY

**SARJANA MUDA PERDAGANGAN (KEPUJIAN) MAJOR DALAM  
EKONOMI GUNAAN DAN KEWANGAN PENGAMBILAN KE-2  
*BACHELOR OF BUSINESS (HONOURS) MAJOR IN  
APPLIED ECONOMICS AND FINANCE INTAKE 2***

**KEPUJIAN KELAS PERTAMA (FIRST CLASS HONOURS)**

DAYANG NUR ZULFAA INSYIRAH BINTI DZULKIFLI  
DAYANG SITI NUR SYAFIQAH BINTI ABD. WAHAB

**KEPUJIAN KELAS KEDUA ATAS (UPPER SECOND CLASS HONOURS)**

AWANGKU MUHAMMAD SYUKHAIRI BIN PENGIRAN HAJI SUHAINI  
AWANG MOHAMED AL-BAZIL BIN KHALID  
AWANG MUHAMMAD ZAKI BIN ABD RAHIM @ONG HONG CHI  
DAYANG NUR KHAIRINA BINTI AWANG JUMAT

**KEPUJIAN KELAS KEDUA BAWAH (LOWER SECOND CLASS HONOURS)**

AWANG AHMAD DANISH BIN HAJI AHMAD NIZAM  
AWANG MUHAMMAD RAFIEE UDDIN BIN HAJI ABU BAKAR  
DAYANGKU NURSYASYA BINTI PENGIRAN BAHARUDIN

**SARJANA MUDA PERDAGANGAN (KEPUJIAN) MAJOR DALAM  
SISTEM MAKLUMAT PEMASARAN PENGAMBILAN KE-2  
*BACHELOR OF BUSINESS (HONOURS) MAJOR IN  
MARKETING INFORMATION SYSTEMS INTAKE 2***

**KEPUJIAN KELAS PERTAMA (FIRST CLASS HONOURS)  
DAYANG NORHAZIQA BINTI HARIS**

## Faculty of Engineering FAKULTI KEJURUTERAAN

**DAYANG NOR 'AQILAH HJ JUFFLE**

*Ijazah Doktor Falsafah dalam Kejuruteraan Awam  
Doctor of Philosophy in Civil Engineering*

**PUBLICATION AWARD**

Alhamdulillah, praise be to Allah for granting me the strength, patience, and determination to complete my PhD in Civil Engineering at Universiti Teknologi Brunei. This journey has been filled with challenges and sacrifices, but also with growth, resilience, and invaluable lessons that have shaped me both academically and personally.

The PhD experience at UTB demanded focus, independence, and perseverance. From long hours of research and writing to moments of doubt and breakthroughs, every step of the way has been a reminder of the importance of dedication and tawakkal. UTB has provided me with not only a platform to develop new knowledge in Civil Engineering but also an enriching academic environment where critical thinking and determination were nurtured.

I am sincerely grateful to my supervisors for their continuous guidance, support, and encouragement throughout this journey. Their mentorship was instrumental in navigating the challenges of research and ensuring steady progress.

To my beloved parents, siblings, and loved ones, thank you for your endless prayers, encouragement, and sacrifices. Your unwavering support gave me the strength to persevere, especially during the most difficult moments of this journey. This achievement is as much yours as it is mine.

This milestone is not just the end of a chapter but the beginning of a greater responsibility to apply this knowledge meaningfully and to benefit others.

Alhamdulillah, after years of perseverance, I have finally reached the finish line. May this success inspire others to pursue their dreams with faith, patience, and determination.

## School of Applied Sciences and Mathematics

### SEKOLAH SAINS GUNAAN DAN MATEMATIK

#### **DAYANG DHIYA HADAINA**

Sarjana Sains (Secara Penyelidikan) dalam Matematik Gunaan dan Ekonomi

*Master of Science (by Research) in Applied Mathematics and Economics*

#### **PUBLICATION AWARD**

Alhamdulillah, it is a great honour for me to have completed my master's degree in applied mathematics and economics at Universiti Teknologi Brunei (UTB). This milestone would not have been possible without the generous support of the Brunei Darussalam Government Scholarship awarded by Kebawah Duli Yang Maha Mulia Paduka Seri Baginda Sultan Haji Hassanal Bolkiah Mu'izzaddin Waddaulah ibni Al-Marhum Sultan Haji Omar 'Ali Saifuddien Sa'adul Khairi Waddien, Sultan and Yang Di-Pertuan Negara Brunei Darussalam. I am deeply grateful for the trust, resources, and excellent academic facilities provided throughout my studies.

My journey at UTB has been both challenging and rewarding, marked by invaluable academic guidance, stimulating research opportunities, and a warm, supportive community. Under the mentorship of dedicated supervisors and lecturers, especially the late Professor Dr. Sankar Duraisamy Sambasivam, my dearest supervisor, whose guidance, patience, and encouragement helped me discover my true passion for research. I was able to deepen my expertise in econometric modelling and its applications in understanding the economic and agricultural growth of Southeast Asia and Indonesia, strengthening my analytical skills and nurturing my passion for contributing to evidence-based policy and sustainable development.

Beyond academics, UTB has offered me a platform to grow personally and professionally, surrounded by peers from diverse backgrounds who inspired me with their resilience and determination. The collaborative spirit, access to research resources, and the university's commitment to excellence have shaped me into a more confident, disciplined, and forward-thinking individual.

The two years I spent at UTB were among the most valuable and fulfilling experiences of my life. I extend my heartfelt thanks to UTB, the Government of Brunei Darussalam, my supervisors, colleagues, friends, and family for their unwavering support. This achievement is as much theirs as it is mine. I will always cherish my time at UTB and carry its lessons into the next chapter of my journey.

## Faculty of Engineering FAKULTI KEJURUTERAAN

### **DAYANG NURUL AHSHA BINTI HAJI ROSLIM**

*Sarjana Sains (Secara Penyelidikan) dalam Kejuruteraan Awam  
Master of Science (by Research) in Civil Engineering*

### **PUBLICATION AWARD**

Alhamdulillah. All praises to Allah SWT for guiding me through completing my MSc by Research at UTB. Reflecting on this journey from start to graduation, I've come so much further than I ever imagined. This research journey has been an emotional rollercoaster, full of highs and lows when I wasn't sure I could make it through. But none of this would have been possible without the guidance and encouragement of my family, friends, and supervisors.

A huge appreciation to my supervisors: Dr. Md Motiar Rahman, for his endless support, patience, and genuine care that not only shaped my skills as a researcher but also inspired me to grow with confidence and curiosity; and Dr. Ismawi Yusof, for his support and invaluable mentorship throughout my research journey.

With their guidance and hard work, we were able to achieve our first journal publication on End-of-Life waste management in the context of Brunei's construction industry! Along this journey, I also had the privilege of presenting at prestigious conferences, including the 9th Brunei International Conference on Engineering and Technology (BICET) and the International Conference on Civil and Environmental Engineering (CENVIRON) in Kuala Lumpur, 2023. These experiences have truly shaped my growth as a researcher and as a person.

To my Mama, Bapa, and siblings- thank you for your continuous prayers and moral support, which kept me going even when I doubted myself. To my amazing research buddies, we did it! Every tear, laugh, and late-night data crunch has paid off, and I couldn't be prouder of us!

It has been a journey of growth, discovery, and inspiration at UTB, and I am truly grateful for the experiences that have shaped me. Congratulations to the Class of 2025 and may your transformative journeys be filled with success and joy!

## Faculty of Engineering

### FAKULTI KEJURUTERAAN

#### **DAYANG SITI ZUHAIRAH BINTI HAJI BRAHIM**

Sarjana Sains (Secara Kerja Kursus) dalam Kejuruteraan Sumber Air dan Alam Sekitar

*Master of Science (by Coursework) in Water Resources and Environmental Engineering*

**Cemerlang (Distinction)**

**UNIVERSITY EXCELLENCE AWARD**

**POSTGRADUATE BEST RESEARCH PROJECT AWARD**

All praise is due to Allah, the Almighty. Alhamdulillah, with His endless blessings, I have completed another significant milestone in my academic journey this year at Universiti Teknologi Brunei. This University has always been a key part of my higher education path, where I also completed my Higher National Diploma in 2012 and a Bachelor of Engineering in 2016. I extend my sincere gratitude to the University for nurturing both my academic growth and personal development over the years. The experiences and knowledge I have gained here are truly remarkable and will always be cherished.

I am deeply honoured and incredibly thankful to the Government of Brunei Darussalam, the Public Service Department, and the Ministry of Development for granting me the opportunity to pursue further education. Heartfelt thanks also go to the Public Works Department and my colleagues for their unwavering support and encouragement. I look forward to giving back by applying and sharing the knowledge and values I have gained throughout this learning experience.

Reflecting on my postgraduate journey, with nearly ten years away from academic environments, this chapter certainly came with its fair share of challenges. However, with the constant guidance of dedicated lecturers and project supervisors, the journey became smoother and more manageable. Their professionalism and commitment were instrumental in making this a successful and enriching academic experience. I am equally thankful to my kind and supportive coursemates, who made this uplifting journey truly unforgettable - despite the sleepless nights and tough moments.

Special thanks go to my husband and my family, whose endless support and prayers continuously motivated me and have been my greatest source of strength. I wholeheartedly dedicate this achievement to all of you.

To the Class of 2025, CONGRATULATIONS!

Stay positive, believe in your potential, and remember - there are no limits to what you can accomplish. All the best!

## Faculty of Engineering FAKULTI KEJURUTERAAN

### **AWANG MUHAMMAD DANIEL BIN HAJI YUSSOF**

*Sarjana Sains (Secara Kerja Kursus) dalam Kejuruteraan Awam  
Master of Science (by Coursework) in Civil Engineering  
Cemerlang (Distinction)*

**UNIVERSITY EXCELLENCE AWARD  
POSTGRADUATE BEST RESEARCH PROJECT AWARD**

First and foremost, I am profoundly grateful to Allah S.W.T. for His guidance, mercy, and countless blessings bestowed upon me. I am also deeply thankful to UTB for granting me the opportunity to learn and grow under its banner and to my lecturers and peers whose unwavering support has made this journey truly remarkable.

It is truly an honour for me to receive the University Excellence Award. Although my one-year MSc journey was short, I was blessed with the opportunity to pursue further studies right after completing my four years of bachelor's degree here. These five years as a proud UTBian have been filled with ups and downs, challenges, and moments of doubt, but perseverance, resilience, and unwavering support from my dear family, my dedicated lecturers, and especially my peers – who have been a source of inspiration and motivation—allowed me to keep going.

UTB has not only enriched me with academic knowledge but also given me the chance to engage with professionals and experts in my field, broadening my horizons. The lessons I have learned here at UTB went far beyond technical knowledge. They have strengthened my communication, teamwork, and problem-solving skills, preparing me to face real-world challenges with confidence.

Looking back, what I cherish most is the UTB community: the friendships forged, the guidance from my mentors, and the environment that constantly pushed me to strive for excellence. I will carry these lessons, memories, and experiences with me as I embark on the next chapter of my life, with the hope of one day contributing meaningfully to society and to the institution that shaped my path.

To the Class of 2025, congratulations! May you continue to dream big, overcome every challenge, and achieve greatness in all your future endeavours. Believe in yourself and have faith always.

## UTB School of Business

### SEKOLAH PERDAGANGAN UTB

**DAYANG UMMI SALMAH BINTI HAJI MOHAMMAD FIRDAUS**  
Sarjana Sains (Secara Kerja Kursus) dalam Pengurusan dan Teknologi  
*Master of Science (by Coursework) in Management and Technology*  
Cemerlang (Distinction)

**UNIVERSITY EXCELLENCE AWARD**

In the Name of Allah, the Most Gracious, the Most Merciful.

Alhamdulillah, all praise is due to Allah SWT, for the quiet strength, the unexpected chances, and the people He placed along my journey.

If I had ended up anywhere else, I might have become a very different version of myself. I was already reaching, already trying, but it was UTB that truly saw me. It gave me the space to grow, the room to lead, and the belief that I could do more than I ever imagined.

UTB was not just where I studied; it was where I found courage. It was where I learned that leadership isn't about loudness but about presence – that success isn't always shiny; sometimes, it's in the moments you stay, try again, and rise quietly after every fall.

To Babu and Babah, thank you for every silent prayer, every warm meal, and every reminder to keep going, even when I doubted myself. Your love has always been my anchor.

To my family; siblings, relatives, and those who believed in me before I even knew what I was capable of, thank you for holding space for my dreams and cheering me on in ways big and small. Your faith in me kept me grounded and lifted me higher.

To my lecturers, mentors, and the staff of UTB, thank you for creating a space where ideas could be nurtured, leadership was encouraged, and dreams could take shape. Thank you for seeing potential where I often saw uncertainty.

To my peers and friends, thank you for the shared notes, the inside jokes, the late-night study marathons, and the quiet reminders that I wasn't alone. You reminded me that even in struggle, there is softness, and in community, there is strength.

Over the years, I have worn many hats; student, leader, delegate, mentor. I have spoken on stages, led events, and represented Brunei in places I never thought I'd be. But perhaps the most meaningful growth was internal - becoming someone who could speak *for* herself, not just *about* herself.

UTB didn't just give me a qualification, it gave me *confidence*. It gave me purpose. It gave me a reason to keep building; for myself, and for my country.

I started here as a Bachelor's student in Computing, majoring in Software Development. That version of me was curious, hopeful, and quietly unsure of where I truly belonged. A year later, UTB welcomed me back for my Master's in Management and Technology, a shift that reflected not just a change in field, but a transformation in *who* I was becoming.

Not many institutions would've embraced that change with such openness, but UTB did. And for that, I'm deeply grateful. The support, the belief, and the space to grow — I couldn't have done it anywhere else.

So to those still walking this journey: be kind to yourself. Growth looks different on everyone. But if you let it, UTB will grow *with* you.

With love and gratitude,  
Ummi S. Firdaus

# School of Computing and Informatics

## SEKOLAH PENGKOMPUTERAN DAN INFORMATIK

### **AWANG MOHAMMAD HAZIQ HAFIZUDDIN BIN SALLEHUDDIN**

Sarjana Sains (Secara Kerja Kursus) dalam Pengkomputeran dan Sistem Maklumat

*Master of Science (by Coursework) in Computing and Information Systems*  
**Cemerlang (Distinction)**

**UNIVERSITY EXCELLENCE AWARD**  
**MASTER'S BEST PROJECT AWARD**

First, I want to express my sincere gratitude to my family, friends, and the faculty at UTB who supported me throughout this journey. Their patience, encouragement, and quiet belief helped carry me through, especially during the moments I wasn't sure I could carry myself.

Completing a Master's by coursework in just one year felt like trying to hold on to something that was constantly moving. The pace was fast, the workload relentless, and time often felt like it was slipping away faster than I could keep up. There were points where I genuinely considered being the one who left it all behind, quietly stepping away before things could unravel further. But every time that thought crept in, something inside me pushed back and said: "Nah, I'd win".

Most days became a cycle of lectures, submissions, and nights spent convincing myself I could still pull it off. It wasn't glamorous. It wasn't effortless. There were nights when everything felt like it was falling apart, the kind where progress meant simply hitting "submit" and whispering: "Nothing happened". That quiet endurance became a habit.

But somewhere amid the blur, I realised I wasn't here just to finish something. I want to live, not in the abstract, but to keep learning, growing, and contributing meaningfully. UTB gave me that starting point: space to struggle, room to figure things out, and people who didn't let me fall through the cracks.

My time here wasn't perfect. But it was real. And for that, I'm grateful, not only for the outcome, but for the version of myself I found along the way.

## School of Computing and Informatics

### SEKOLAH PENGKOMPUTERAN DAN INFORMATIK

#### AWANG ILHAM ACHMAD FIQRIN

Sarjana Sains (Secara Kerja Kursus) dalam Keselamatan Siber  
*Master of Science (by Coursework) in Cyber Security*  
Cemerlang (Distinction)

**UNIVERSITY EXCELLENCE AWARD**  
**MASTER'S BEST PROJECT AWARD**

First and foremost, all praise and thanks are due to Allah Subhanahu wa Ta'ala, the Most Compassionate and the Most Merciful, for His endless blessings and guidance throughout this journey. I am sincerely grateful to my beloved parents, family members, and friends for their countless support, prayers, love, and encouragement. I would also like to express my deepest gratitude to the ASEAN Cyber Shield MSc Cyber Security Scholarship for funding my studies and making this academic journey possible. As I reflect on my time at Universiti Teknologi Brunei (UTB), I realise that this experience was much more than academic. It was a period of meaningful personal growth and professional development.

Coming from a background in Mathematics, Cyber Security was a completely new experience for me. I had to learn everything from scratch. Thankfully, I was guided by very supportive and dedicated lecturers such as Dr. Ravi, Dr. Newaz, Dr. Au, Dr. Sharul, Dr. Wida, and Ms. Serina. Their ability to turn complex concepts into clear and understandable lessons improved my understanding both theoretically and practically. Thank you to all my lecturers for being an important part of my journey. A special note of gratitude goes to Dr. Ravi, whose sincere guidance, support, encouragement, and advice have helped me during my journey.

The friendships I've made with my college friends have meant more to me than words can fully express. As an international student, they are really helpful with their assistance. They are my source of strength, laughter, and comfort during the ups and downs of this journey. They reminded me I wasn't alone during challenging times and moments of self-doubt. Their presence made all the difference, whether it was staying up late to finish assignments together, sharing conversations after a long day, or enjoying the moment after class. These are not just friendships; they are bonds I will cherish for a lifetime.

With a heart full of gratitude, thank you UTB for everything you have done for us. To all my colleagues, thank you for the incredible one year. May Allah continue to guide and bless all of us with success in life and the hereafter. Aamiin Ya Rabbal Alamin.

## School of Design SEKOLAH REKA BENTUK

**AWANG MOHAMMAD IQBAL REZZA BIN ABDUL RAHIM**

Sarjana Sains dalam Seni Bina

*Master of Architecture*

Cemerlang (Distinction)

**UINIVERSITY EXCELLENCE AWARD**

I am proud to be part of the first cohort of the Master of Architecture (MArch) programme at UTB, which began in 2023. My journey with UTB started even earlier, as I was also among the first cohort when the architecture programme was first introduced here. Altogether, it has been a remarkable five-year academic journey.

The modules, teaching, and learning experience have been of an exceptional standard, aligned with international benchmarks that prepare graduates to become professional architects. The programme not only strengthened my technical knowledge but also nurtured my creativity, problem-solving skills, and professional ethics.

I am deeply grateful to the dedicated lecturers whose guidance and expertise have shaped my growth, as well as to the mentors, peers, and family who have supported and motivated me throughout these challenging yet fulfilling years.

This journey has not been without its trials, sleepless nights, tight deadlines, and the challenge of balancing multiple responsibilities, but it has also been a path of resilience, passion, and personal transformation. UTB has equipped me with the knowledge, skills, and confidence to step into the professional world, ready to contribute meaningfully to the architectural field.

To UTB, lecturers, and all who have stood beside me on this journey, thank you for building the foundation upon which I will continue to grow, serve, and succeed.

*Centre for Communication, Teaching and Learning*  
**PUSAT PERHUBUNGAN, PENGAJARAN DAN PEMBELAJARAN**

**DAYANG SITI NURFARINA HASRIANA BINTI ABDULLAH HASSANUDDIN**

Sarjana Sains (Secara Kerja Kursus) dalam Perhubungan  
*Master of Science (by Coursework) in Communication*  
**Cemerlang (Distinction)**

**UNIVERSITY EXCELLENCE AWARD**

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Alhamdulillah, all praise is due to Allah. If not for His guidance and ease, I would not have made it this far. Completing a master's degree in communication was never easy, but with His help, I managed to pull through. I am also deeply thankful to His Majesty the Sultan for the scholarship that allowed me to pursue my studies. Without it, I honestly would not have had this chance to continue my education at the Master's level. It is a blessing, which I will always be grateful for.

To UTB, thank you for offering the Master of Science in Communication. Even though it was just a one-year program, it has given me so much. I learned communication skills, which I never realised were so important. This course helped me grow, not just academically, but personally too. Besides, I am also truly grateful to all lecturers who supported us throughout. They never gave up on us, even when we were struggling. Their patience, encouragement, and belief in us meant a lot. Apart from the course, UTB has also given me the chance to serve as a Liaison Officer during UTB's 2024 convocation. The experience was unforgettable because I was able to meet inspiring people and connect with individuals that I never imagined I would be able to talk to. Being a student at UTB has been one of the most transformative chapters of my life.

I would also like to thank my biggest supporters, Mama and Babah, for their constant prayers and faith in me. I have definitely been given the best, most loving parents ever. And to my best friend, thank you for always reminding me that I could do this. Lastly, to the Class of 2025, Congratulations! We did it. Syukur. Alhamdulillah 'Ala Kulli Hal. May this achievement be the beginning of many more milestones ahead.

*Centre for Communication, Teaching and Learning*  
**PUSAT PERHUBUNGAN, PENGAJARAN DAN PEMBELAJARAN**

**AWANG HAJI NORASLAM BIN HAJI OTHMAN**

Sarjana Sains (Secara Kerja Kursus) dalam Perhubungan  
*Master of Science (by Coursework) in Communication*  
Cemerlang (Distinction)

**BEST FINAL YEAR PROJECT AWARD**

All praises to Allah Subhanahu Wa Ta'ala for the blessings and for providing me with the ability to finish my master's programme at Universiti Teknologi Brunei. May peace and blessings be upon our Prophet Muhammad ﷺ.

To begin with, I would like to express my greatest gratitude to my family, friends, and colleagues for their endless support and encouragement throughout this journey. Not to forget the faculty members of the Centre for Communication, Teaching, and Learning for equipping me with invaluable knowledge and guiding me along the way.

After earning my bachelor's degree, I chose to return to UTB with the confidence of knowing that UTB is an institution that helps hone its graduates' skills and prepare them for success. I came with a purpose to push my limits and a passion for learning, leaving me ready to keep bettering myself. Despite being a relatively new field of study for me, the lecturers guided me with the utmost patience with clarity, making it easier for me to grasp and apply the knowledge while simultaneously making the learning process engaging.

The university gave me an opportunity to participate as a guest speaker in an International Youth Talk that was co-organised by SEAMEO TED and Go Study Global Education. This opportunity opened a new perspective, at the same time allowing me to strengthen my confidence on a platform that is not commonly accessible to students.

This journey that I went through with UTB has been a transformative chapter. Again, thank you, UTB, and to every single person who has walked along this journey with me. This milestone will not be the same without you.

## *Faculty of Engineering* FAKULTI KEJURUTERAAN

**DAYANG SYAFIQAH SYAHIRAH BINTI EMRAN**

Sarjana Muda Kejuruteraan (Kepujian) dalam Kejuruteraan Awam  
*Bachelor of Engineering (Honours) in Civil Engineering*  
Kepujian Kelas Pertama (First Class Honours)

**UNIVERSITY EXCELLENCE AWARD**

Alhamdulillah. All praises due to Allah, the Most Gracious and the Most Merciful for the countless blessings and successes bestowed upon me throughout my academic journey. First and foremost, I would like to extend my heartfelt gratitude to my beloved family for their prayers and unwavering support. To my dearest parents, I share this success with you wholeheartedly.

My four years at Universiti Teknologi Brunei have been academically enriching and full of valuable experiences. I am deeply appreciative of the various opportunities and resources provided by UTB, of all which have enabled me to grow both as a student as well as an individual. The nurturing environment has shaped my ability to push through difficult times and remain steadfast in the face of adversity. I would also like to express my sincerest gratitude to the academic staff and lecturers, whose expertise and dedication have guided me throughout these years.

I was fortunate to be surrounded by wonderful friends with whom I faced countless challenges and celebrated small victories. I am truly grateful for their presence in this chapter of my life. It has been a privilege to work alongside such talented and driven individuals who have constantly inspired me to do better. To my incredible coursemates, this achievement is not just mine alone.

Congratulations to the Class of 2025!

## Faculty of Engineering FAKULTI KEJURUTERAAN

**AWANG WANG HOUNG JANTHIP@ WONG HOUNG**  
Sarjana Muda Kejuruteraan (Kepujian) dalam Kejuruteraan Awam  
*Bachelor of Engineering (Honours) in Civil Engineering*  
Kepujian Kelas Kedua Atas (Upper Second Class Honours)

**PUJA PRESTIGE 2025 STUDENT AWARD**

My name is Wang Houg Janthip. As a civil engineering student, my biggest defining experience was the Integrated Civil Design Project in our final year. Guided by Adjunct Professor Pg Dr Ismail, my team and I undertook the structural design of a multi-storey gymnasium building, an intense yet gratifying challenge that brought together everything we had learned. It pushed my technical abilities and team communication to new levels, reaffirming my commitment to pursue Chartered Engineer status.

Academically, UTB places strong emphasis on independent learning and academic research. Through work such as the Final Year Project, students are trained to demonstrate their learning, develop their skills, and contribute to real-world solutions at a professional standard. While I may not follow a career in academia, this skill set is useful in improving how we approach our work in the industry.

Moreover, the university places high value on physical well-being and active student life, supported by recreational clubs and regular competitions. A personal favourite was the UTB Volleyball Club, where the welcoming and encouraging atmosphere instilled by its members made participation truly fulfilling.

Outside of academics, I led two professional student bodies, PUJA-UTB Student Chapter and IET-UTB On Campus, from 2023 to 2025. These platforms allowed students to organise site visits and technical talks, offering industry exposure beyond the classroom. Recognising a gap in student development, I founded the UTB Debate Club to provide a consistent space for students to practise public speaking and debate. It started small but gave many the chance to develop their voice and critical thinking in a supportive space.

To current and future students: work hard, take care of your well-being, get involved in student life, and do not be afraid to lead. Make the most of your time here, and leave behind something better than you found it.

## Faculty of Engineering FAKULTI KEJURUTERAAN

### DAYANG NUR ALMAS BARIZAH BINTI ALI HAZIS

Sarjana Muda Kejuruteraan (Kepujian) dalam Kejuruteraan Kimia  
*Bachelor of Engineering (Honours) in Chemical Engineering*  
Kepujian Kelas Pertama (First Class Honours)

**UNIVERSITY EXCELLENCE AWARD  
BEST FINAL YEAR PROJECT AWARD**

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

In the name of Allah, the Most Gracious, the Most Merciful. Alhamdulillah for everything that led me to where I am today. I extend my most sincere gratitude to Allah, my family, friends, classmates, and lecturers for their unwavering support throughout my four-year journey at Universiti Teknologi Brunei.

Reflecting on my first year, my naivety and overconfidence were endearing, but it was crucial for me to face the hard realisation of how limited my knowledge is. Yet it was a comforting thought that I can still grow to a great extent. UTB provided me with the perfect nurturing environment. My lecturers and the community helped me break free from the imaginary limits I had placed on myself. Every day, I gained valuable skills from various people in different aspects. My time serving in both MPPUTB and the IChemE student chapter further honed my team collaboration and communication skills, as well as the art of balancing a heavy academic load and extracurricular responsibilities.

To my family and friends, my backbone, thank you for patiently listening to all my worries and for your endless encouragement, especially during personal struggles that could have affected my studies. Your duas and love carried me to this point, where I'm proud to share that I achieved First Class Honours.

Studying Chemical Engineering was inevitably laced with many obstacles, but overcoming each one and navigating through its different aspects only deepened my passion for it. Closing this chapter, I carry with me the knowledge, values and memories nurtured at UTB. I hope to make a meaningful contribution to society and bring pride to the university as an alumnus.

Congratulations to the Class of 2025. To all current students, I wish you the best and encourage you to persevere. You are more capable than you think!

## Faculty of Engineering FAKULTI KEJURUTERAAN

**DAYANGKU BATRISYIA BALQIS BINTI PENGIRAN ZAFFRI**  
Sarjana Muda Kejuruteraan (Kepujian) dalam Kejuruteraan Kimia  
*Bachelor of Engineering (Honours) in Chemical Engineering*  
Kepujian Kelas Kedua Atas (Upper Second Class Honours)

**PETROKON UTAMA SENDIRIAN BERHAD (PUSB)**  
**BEST FINAL YEAR PROJECT AWARD**

Alhamdulillah, all praise is due to Allah Subhanahu Wa Ta'ala, the Most Merciful and Compassionate, whose grace and blessings have enabled me to successfully complete my Bachelor's Degree in Chemical Engineering.

First and foremost, I would like to express my heartfelt gratitude to my parents, family, and friends for their unwavering prayers and endless support. I am also deeply thankful to my lecturers and staff at UTB for their invaluable guidance and the knowledge they have shared with me. Each of these individuals has been a source of strength and motivation, despite the countless challenges and obstacles.

Completing my Final Year Project on "Production of 35,000 MTA of Lactic Acid from Glycerol and Carbon Dioxide" marked a significant milestone in my academic journey. This project not only deepened my understanding of chemical engineering but also taught me the value of perseverance, patience, resilience, and teamwork.

My time at UTB has been filled with meaningful opportunities beyond academics, giving me the chance to gain hands-on experience that truly enhanced my learning. Through the ExperiencePLUS programme at Bukit Panggal Power Station, I gained exposure to fields beyond chemical engineering, broadening my industry knowledge and practical skills. Additionally, I was involved in Majlis Perwakilan Pelajar (MPP) under EXCO International Affairs, where I enhanced my leadership and communication skills by working with people from diverse backgrounds.

Once again, I am immensely grateful for my journey at UTB, which has shaped me into the person I am today. Thank you for the opportunities, challenges, and growth along the way.

Here's to all the sleepless nights, questionable amounts of caffeine, tears, laughs, and smiles. Congratulations to the Class of 2025 and wishing everyone the best of luck! May our journey ahead be filled with success and fulfillment.

## Faculty of Engineering

### FAKULTI KEJURUTERAAN

**AWANG MOHAMMAD WA'IE TAQUIUDDIN BIN SABRI**  
 Sarjana Muda Kejuruteraan (Kepujian) dalam Kejuruteraan Kimia  
*Bachelor of Engineering (Honours) in Chemical Engineering*  
Kepujian Kelas Kedua Bawah (Lower Second Class Honours)

**BEST FINAL YEAR PROJECT AWARD**

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Alhamdulillah, I am truly grateful for the journey I have experienced over the past eight semesters. It has been a rewarding period of learning, growth, and self-discovery. Each moment, whether a challenge or a success, has contributed meaningfully to both my personal and professional development.

I would like to express my deepest gratitude to those who have supported me throughout this journey. My heartfelt thanks go to my family, lecturers, friends, and colleagues for their continuous encouragement and guidance. I am thankful to my supervisors and mentors at Jabatan Kerja Raya (JKR) under the Department of Water Services (DWS) for their support during my two-month internship, which provided me with the opportunity to gain valuable insights. I also extend my sincere appreciation to my Final Year Project (FYP) groupmates for their patience, teamwork, and consistent support throughout the last two semesters.

It is often said that pressure creates diamonds. I firmly believe that through pressure, strength, and resilience, will be forged. I carry with me the words of my high school teacher: "Practice does not make perfect, it makes permanent," a perspective that has guided me in navigating the demands of academic life.

Beyond academics, I was fortunate to step outside my comfort zone by engaging in co-curricular activities such as Futsal tournament IPT (Institut Pengajian Tinggi) and becoming a member of IChemE. These experiences have helped shape my confidence, teamwork, and adaptability.

Finally, I would like to extend my warmest congratulations to the Class of 2025. Wishing each of you all the best in your future endeavours.

## Faculty of Engineering FAKULTI KEJURUTERAAN

### **DAYANG NABIHAH HAZIQAH BINTI HAJI JAMIL**

Sarjana Muda Kejuruteraan (Kepujian) dalam Kejuruteraan Petroleum  
*Bachelor of Engineering (Honours) in Petroleum Engineering*  
Kepujian Kelas Pertama (First Class Honours)

### **BEST FINAL YEAR PROJECT AWARD**

My time at UTB has been an incredible journey of growth, challenge, and immense reward. As a recent graduate, I am beyond proud to have completed my degree with first-class honours and to be recognised with the University Excellence Award. This recognition is not just a reflection of my efforts, but a testament to the blessings of Allah and the nurturing environment UTB provides.

I started my degree a week before turning 18, feeling completely overwhelmed. After applying to a dizzying number of courses from environmental engineering to accounting and finance, I was so glad to land in Petroleum Engineering. However, even after making the Dean's List in my first year, I could not shake the nagging question: "Is this the right path for me?". For a while, it felt as though the doors I hoped would open remained stubbornly shut. That all changed in my final year when those doors finally started opening, and I was blessed with the chance to represent Brunei at international conferences and competitions while balancing my final-year duties.

I am forever indebted to my family for their endless encouragement and to the incredible lecturers who guided me. I must give a special shout-out to Chair Professor Dr. Stephen Tyson. Honestly, there was a point when I was ready to quit and switch to Accounting, a path I mistakenly thought was my calling. His unique teaching style and words of encouragement turned everything around for me. He pushed us to go beyond academic theory, constantly challenging us to think about what the industry truly needs. He helped me discover a passion for engineering I did not know I had, and I can honestly say I would not be where I am today without his guidance. Thank you, UTB, for giving me mentors like him, who truly make a difference.

Looking back, I cannot imagine my journey unfolding any other way. I am leaving with a first-class honours degree and an Excellence Award, but the greatest prize is the education and empowerment I have received.

## Faculty of Engineering

### FAKULTI KEJURUTERAAN

#### **AWANG ARIF RUSYAIIDI BIN ABDUL RAHMAN**

Sarjana Muda Kejuruteraan (Kepujian) dalam Kejuruteraan Elektrikal dan Elektronik

*Bachelor of Engineering (Honours) in Electrical and Electronic Engineering*  
**Kepujian Kelas Pertama (First Class Honours)**

**UNIVERSITY EXCELLENCE AWARD**

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

In the name of Allah, the Most Gracious, the Most Merciful.

Alhamdulillah, all praise be to Allah SWT for His guidance throughout my journey. I am sincerely grateful to my family, friends, and lecturers for their continuous support in the successful completion of my Bachelor's Degree in Electrical and Electronic Engineering.

My heartfelt appreciation also goes to Universiti Teknologi Brunei (UTB) for the invaluable opportunities that have brought me closer to my aspirations and contributed significantly to my personal and professional development. Graduating with First Class Honours has been a truly rewarding achievement, reflecting the dedication and effort I invested in overcoming academic challenges. Being on the Dean's List from my first to third year is a testament to UTB's high academic standards.

My Group Design Project focused on using solar panels to create educational tools that enhance public understanding of solar energy. For my Final Year Project, I developed a Power System Analysis tool using LabVIEW to help users better understand real-world power systems. These projects deepened my technical skills and exposed me to practical engineering challenges.

I also served as the Secretary of IET UTB On-Campus (2023/2024), where I had the opportunity to collaborate with BAPSLH in organising a technical visit, an experience I remain grateful for. During my Experience-PLUS UTB placement at Brunei LNG Sdn Bhd, I gained valuable industry exposure through hands-on technical work and site visits.

As the Electrical Team Leader for UTB's Shell Eco-marathon team during the 2023/2024 season, I had the opportunity to lead our team in the event held in Lombok, Indonesia, where we successfully passed the Technical Inspection, it was a challenging yet enriching experience.

Finally, I am truly thankful for the support and guidance provided by UTB. My journey here has laid a strong foundation for my future, and I look forward to the next chapter ahead.

## Faculty of Engineering FAKULTI KEJURUTERAAN

**AWANG MUHAMAD ARIF HISYAMUDDIN BIN ZAIDI**  
Sarjana Muda Kejuruteraan (Kepujian) dalam Kejuruteraan Mekanik  
*Bachelor of Engineering (Honours) in Mechatronics Engineering*  
Kepujian Kelas Pertama (First Class Honours)

**UNIVERSITY EXCELLENCE AWARD**

Alhamdulillah, all praise is due to Allah for granting me the strength, guidance, and patience throughout my journey at Universiti Teknologi Brunei.

When I first entered UTB, I was a shy and introverted student who often stayed in my comfort zone. Over the years, UTB has helped me grow into someone more confident, proactive, and willing to take on challenges. The supportive environment, both academically and socially, gave me the space to step out of my comfort zone and discover my potential.

One of the highlights of my time here was representing Brunei in the First Global Challenge, an international robotics competition. It was an eye-opening experience that exposed me to the global robotics scene, tested my engineering knowledge, and taught me the value of cross-cultural collaboration. I had the chance to work with passionate individuals from all over the world, exchange ideas, and gain insights into how robotics can be used to solve real-world problems.

Inspired by that journey, I co-founded the UTB Robotics Club with the aim of building a platform for students to explore and grow in robotics. Through this club, I also had the opportunity to teach and guide younger students, helping them prepare for competitions and sparking their interest in engineering.

UTB's hands-on approach to learning, combined with teamwork-driven projects, helped me strengthen both technical and soft skills. I am especially thankful for the lecturers, mentors, and friends who have supported and challenged me throughout this journey.

Beyond the academic achievements, I leave UTB with meaningful memories, valuable skills, and a clear sense of direction. I am proud to be part of a university that encourages growth, innovation, and community impact. In shaa Allah, I will carry these lessons forward and continue to contribute wherever I can.

## Faculty of Engineering

### FAKULTI KEJURUTERAAN

#### **DAYANG KOO SUI MEI**

Sarjana Muda Kejuruteraan (Kepujian) dalam Kejuruteraan Elektrikal dan Elektronik

*Bachelor of Engineering (Honours) in Electrical and Electronic Engineering*  
Kepujian Kelas Pertama (First Class Honours)

**PETROKON UTAMA SENDIRIAN BERHAD (PUSB)  
 BEST FINAL YEAR PROJECT AWARD**

My time at Universiti Teknologi Brunei (UTB) has been a journey of growth, discovery, and transformation. As a student of the Bachelor of Engineering in Electrical and Electronic Engineering, I've developed not only strong technical knowledge but also important values such as perseverance, adaptability, and self-discipline.

Throughout my four years at UTB, I was exposed to a broad spectrum of subjects from power systems and signal processing to embedded systems and high voltage engineering. Through hands-on lab sessions, simulation work, and both team-based and individual design projects, I was able to connect theoretical knowledge with real-world applications. These experiences built my confidence to take on challenges and nurtured my curiosity for innovation, especially in applying knowledge to real-world problems.

More importantly, UTB has taught me valuable life lessons beyond academics. One of the most meaningful things I've learned is this: "You do not need to compare yourself with others. Everyone has different capabilities, timelines, and strengths. What truly matters is striving to become a better version of yourself every single day. What is meant for you will always find its way to you in the end." This mindset reminded me to focus on my own progress and appreciate the journey, especially during moments of self-doubt or setbacks.

I am truly thankful for the support and encouragement from my parents, lecturers, and peers. Their guidance, patience, and belief in me played a significant role in my journey. I am also grateful for the friendships, challenges, and shared experiences that made my university life memorable.

As I step forward into the next chapter of life, I carry with me not just knowledge and skills, but the values and passion shaped by UTB. I look forward to contributing to the world as an engineer, and I will always be proud to call myself a UTB graduate.

## Faculty of Engineering FAKULTI KEJURUTERAAN

**AWANG MUHAMMAD SALLEHUDIN BIN AWANG  
MUHAMMAD SALISHAKNIZAM**

*Sarjana Muda Kejuruteraan (Kepujian) dalam Kejuruteraan Mekanik  
Bachelor of Engineering (Honours) in Mechatronics Engineering  
Kepujian Kelas Kedua Atas (Upper Second Class Honours)*

**BEST FINAL YEAR PROJECT AWARD**

Alhamdulillah, all praise is due to Allah Subhanahu Wa Ta'ala, and peace and blessings upon the Prophet Muhammad S.A.W. I am truly honoured to reflect on my journey as a student at Universiti Teknologi Brunei, where I experienced not only academic growth but also personal transformation.

Throughout my studies, I was constantly challenged to think critically, work collaboratively, and strive for excellence. The combination of theory and hands-on experience, especially through final year projects, lab work, and industry relevant modules, has helped prepare me for real-world challenges. I'm especially grateful for the opportunity to work on projects that bridged innovation and community impact, allowing me to explore areas like IoT, AI, and assistive technology in meaningful ways.

Beyond academics, my time at UTB was enriched by participation in competitions, student initiatives, and community outreach activities. These experiences not only built my leadership and teamwork skills but also reminded me of the importance of compassion, resilience, and continuous learning.

I would like to express my heartfelt gratitude to my lecturers, especially Dr Azlan, for their guidance and encouragement throughout my journey. My deepest thanks also go to my family and friends, whose support kept me going through challenges and milestones alike.

To my fellow graduates, congratulations on this momentous achievement. And to future students: embrace the journey, make the most of every opportunity, and never stop exploring your potential. UTB has given us a solid foundation, and now it's time to build on it. I am proud to be part of the UTB family, and I will carry its values with me as I move forward.

## Faculty of Engineering FAKULTI KEJURUTERAAN

**AWANG MUHAMMAD NA'TIM BIN MOHD RAFI**  
Sarjana Muda Kejuruteraan (Kepujian) dalam Kejuruteraan Mekanikal  
*Bachelor of Engineering (Honours) in Mechanical Engineering*  
Kepujian Kelas Pertama (First Class Honours)

**UNIVERSITY EXCELLENCE AWARD**  
**IMECHE-BRUNEI AWARD FOR BEST MECHANICAL ENGINEERING GRADUATE**  
**BEST MECHANICAL ENGINEERING FINAL YEAR PROJECT**

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Alhamdulillah, the completion of my undergraduate studies marks the end of a meaningful chapter and the beginning of a new one. With this, I would like to express my utmost gratitude to Allah SWT, friends, family, and academic staff for the unwavering support, guidance, and endless encouragement through this pivotal chapter.

This journey serves as a testament to perseverance and lifelong learning. Throughout my 4 years in UTB, invaluable experiences and skills, from engineering to soft skills-were gained. These skills are integral for my personal and professional growth as a Mechanical Engineer. My participation in NSIDC F1 and the completion of my FYP stood out as exceptional milestones, as these achievements required the practical application of engineering knowledge to produce pragmatic outcomes.

The integration of “Day One or One Day” mindset was one of the essential principles throughout my studies. This is because the initiation of any task is often the hardest yet vital step. Starting, even when things are uncertain, is what sets us on the path to achievement.

Looking forward, with the acquired knowledge and experiences from UTB, I hope that all of us will be able to contribute to society and be key players in assisting Brunei Darussalam to achieve Wawasan Brunei 2035.

Lastly, thank you UTB for this incredible opportunity. To BEME13, thank you for the fond memories. And to the class of 2025, congratulations! I wish all of you the very best of luck in your future endeavors!

## Faculty of Engineering FAKULTI KEJURUTERAAN

**DAYANG HAZIRAH BINTI MOHAMMAD ZAM MAWI**

Sarjana Muda Kejuruteraan (Kepujian) dalam Kejuruteraan Mekanikal  
*Bachelor of Engineering (Honours) in Mechanical Engineering*  
**Kepujian Kelas Pertama (First Class Honours)**

**BEST MECHANICAL ENGINEERING FINAL YEAR PROJECT  
PETROKON UTAMA SENDIRIAN BERHAD (PUSB) BEST FINAL  
YEAR PROJECT AWARD**

Alhamdulillah for the strength, patience, and determination given throughout the completion of my studies. I acknowledge that this accomplishment would not have been possible without His blessings.

I thank my parents and my family for their endless support and prayers. Their encouragement has been my constant companion throughout my journey at UTB.

To UTB, I am deeply grateful for the many growth opportunities, including serving as the CLME Secretary under MPP 2022/2023, and the exposure gained through both my ExperiencePLUS and Final Year Project with the process industries. These experiences made my studies feel more relatable. I was also given the chance to publish a journal article and a BICET2025 conference paper based on my FYP. I especially thank the Mechanical Engineering Programme Area, from lecturers to lab technicians, whose willingness to help throughout made everything manageable and rewarding.

At the beginning, living away from home was one of my biggest challenges, especially during deadlines and exam season. I often felt lonely and distant from my loved ones, and there were moments I struggled to hold on, but slowly, I found a quiet acceptance. I remember feeling discouraged about my second-year progress, but I managed to push through my third and fourth years. My mother has never pressured me, but I carried her hope quietly, and it became the reason I kept going.

The friendships I built at UTB have been among my greatest blessings. My friends' hard work, laughter, and constant encouragement even the most stressful days into moments we could laugh through and grow together. Graduating with First Class Honours is not just a personal achievement but rather the result of the prayers, support, and belief of the people around me.

## *Faculty of Engineering* FAKULTI KEJURUTERAAN

### **AWANG LIEW SE HAU**

Sarjana Muda Kejuruteraan (Kepujian) dalam Kejuruteraan Mekanikal  
*Bachelor of Engineering (Honours) in Mechanical Engineering*  
Kepujian Kelas Pertama (First Class Honours)

**BEST MECHANICAL ENGINEERING FINAL YEAR PROJECT**

Bismillah, Assalamualaikum. After four challenging yet rewarding years studying Mechanical Engineering, I'm proud to finally reach this milestone. This journey has been filled with countless struggles, from late nights and difficult exams to personal doubts, but I pushed through with the constant support of my family and friends. Their encouragement was my anchor during the toughest times.

Throughout my time at UTB, I sought opportunities beyond the classroom. As Resource Manager in the F1 in Schools program, I developed essential planning and budgeting skills. Later, I had the privilege of leading my team as Team Manager in the Shell Eco-Marathon competition that took place in Lombok, Indonesia. That international experience pushed me beyond my limits and taught me resilience, teamwork, and leadership in ways I could never have imagined or experienced anywhere else.

This degree is more than a certificate. It represents growth, perseverance, and the many lessons I've learned. I leave UTB not only with technical knowledge but with unforgettable memories, lifelong friendships, and a stronger sense of purpose.

I'm deeply grateful to everyone who supported me throughout this journey. The best is yet to come.

## UTB School of Business

*Bachelor of Business (Honours) Major in Accounting Information Systems*  
Kepujian Kelas Pertama (First Class Honours)

**UNIVERSITY EXCELLENCE AWARD**  
**PEOPLE'S CHOICE AWARD**

My time at UTB has been an incredible journey of growth, both professionally and personally. I am deeply grateful for the opportunities that allowed me to develop my teamwork and leadership skills, such as serving on the Badminton Club committee, founding the UTB Gym and Fitness Club, and acting as class representative for five out of six semesters. These experiences taught me teamwork, responsibility, and perseverance. Additionally, ExperiencePLUS played a crucial role in kickstarting my career by providing me with the chance to intern at Deloitte in auditing. This internship not only strengthened my technical skills but also gave me invaluable real-world experience that set the foundation for my professional path. I'm especially glad that I got to share some insights during my ExperiencePLUS Sharing Session, where I hope I provided valuable expectations and practical tips to help future interns succeed.

Academically, I am proud to have been recognised on the Dean's List in both my first and second years, and I am honoured to have been invited to and awarded at the University Excellence Awards for the third and final year. Achieving First Class Honours was a challenging yet rewarding milestone, and I owe much of this success to the unwavering support of my lecturers, who guided me with patience and expertise. Moreover, learning how to study effectively while also juggling multiple assignments with tight deadlines was a crucial lesson that helped me excel. To all my assignment groupmates over the years: thank you for your collaboration, for believing in my ideas, and for making every assignment an opportunity to learn from one another.

Beyond academics, the memories and friendships I've made during my time here are truly priceless. From study sessions at cafés to celebrating assignment submissions or the end of exams together, these moments have shaped my university experience. Most importantly, I am endlessly thankful for my friends and family, whose love and support carried me through every challenge. As I step into the next chapter of my life, I carry with me not just a degree, but lessons, friendships, and experiences that will stay with me forever.

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

First and foremost, Alhamdulillah, all praises and gratitude to Allah S.W.T for granting me His endless blessings, strength, and sustenance throughout my journey at Universiti Teknologi Brunei (UTB) over the past three years. This journey has been filled with memorable moments, lessons, and challenges that have helped me grow both personally and professionally.

From the first day of lectures to the late nights spent on assignments and my final year project, UTB has been more than just a place to study. It has been a space for my growth and self-discovery. I am grateful to UTB for providing me with the opportunity and platform to explore my interests, develop skills, and build confidence.

My sincere gratitude also goes to all the lecturers, staff, peers, and friends who have supported and accompanied me through both academic and non-academic aspects of my university life.

A heartfelt thank you to my beloved parents, Babu and Ayah, for your wholehearted support, prayers, love, and understanding during both good and difficult times. Your unwavering trust, sacrifices, and belief in me have been the greatest driving force, providing me with strength and courage throughout my life. I am also deeply grateful to my siblings for their continuous encouragement, prayers, and support.

Lastly, congratulations to the class of 2025! Thank you once again to everyone who has been part of my journey. May Allah S.W.T bless each and every one of us with success, barakah, and ease in whatever lies ahead.

### **UNIVERSITY EXCELLENCE AWARD**

If I could describe my journey at Universiti Teknologi Brunei in one word, it would be transformative.

Before UTB, I rarely stepped out of my comfort zone. I preferred to stay in the background and stick to what was familiar, but UTB changed that. It gave me more than an education. It gave me the chance to grow, take on challenges, and discover what I am capable of.

A turning point in my university life was participating in the UTB Leadership Camp. That experience sparked a sense of curiosity in me and encouraged me to take the initiative. From then on, I made a conscious effort to be more involved. Whether it was stepping into leadership roles, organising events, or simply speaking up, each opportunity helped me build confidence and resilience.

Throughout this journey, I was fortunate to be surrounded by supportive peers and lecturers. In times of uncertainty, there was always someone willing to offer guidance, extend a helping hand, or simply listen. Their encouragement fostered a strong sense of community that left a lasting impact on my university experience.

Alhamdulillah, I am grateful for every experience, lesson, and individual who shaped my time at UTB. UTB isn't just where I studied. It's where I discovered my potential and the kind of person I strive to become.

To everyone who made my university years unforgettable, thank you. Your support and kindness made all the difference.

In the name of Allah, The Most Gracious and The Most Merciful.

Alhamdulillah, all praises to Allah SWT. Without His blessings and guidance, none of this would have been possible.

I would like to express my deepest gratitude to my beloved parents and family for their unwavering support and prayers. Your love kept me grounded even on the hardest days. I hope I've made you proud.

I'm also thankful for the friendships I've made along the way. Surrounded by peers who supported and inspired me, I was never alone in this journey. I will always cherish the memories we've created together.

The past 3 years that I spent as a Marketing and Information Systems student have been transformative, filled with meaningful growth and challenges. It was where I discovered my potential and learned the value of balancing academics, responsibilities, and personal well-being. I am thankful for the university's supportive environment and dedicated lecturers who shaped me into a more confident and capable version of myself.

A defining part of my UTB journey was serving as a committee member of Majlis Perwakilan Pelajar (MPP), which taught me leadership, empathy, and teamwork. My internship further enriched my experience, allowing me to apply my knowledge and adapt to real-world settings and grow professionally.

UTB encouraged me to step out of my comfort zone, and through it all, I've learned the value of resilience, growth, and self-belief.

*Bachelor of Business (Honours) (Major in Business Technology Management)*  
Kepujian Kelas Pertama (First Class Honours)

**UNIVERSITY EXCELLENCE AWARD**

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Alhamdulillah. All praise and thanks be to Allah — Al-Wahhaab, Al-Kareem — for granting me the strength and opportunities to complete this chapter of my life. This journey has not always been easy, but with His will, I made it through.

Before entering UTB, I had zero knowledge of technology and would never have expected myself to enjoy the challenges of learning IT-related modules as part of my programme. Today, graduating with First Class Honours in Business Technology Management, I can proudly say that I've not only gained valuable technical and business skills but also discovered a genuine interest in the intersection of technology and management. This journey pushed me beyond my comfort zone, taught me resilience, and helped me grow into someone who is confident in adapting to the fast-changing digital world.

I would like to take this opportunity to thank my classmates — BBTM Intake 2 — for the memories we've made, and especially for the help they gave without hesitation. It has been a privilege to be surrounded by like-minded individuals who push each other to become the best version of ourselves.

A heartfelt thank you to all the lecturers who have taught us these valuable lessons: both in academics and in life. I am especially grateful to my FYP supervisor, Sir Mohd Rozaidin, for his mentorship, patience, and encouragement during challenging times.

Most importantly, I thank my family — Babah, Mama, Kaka, and Abang — for their unconditional love and endless prayers for my success and well-being. Despite not fully understanding what my degree is about, their constant reassurances and unwavering support have been the backbone of my journey and the reason I am able to reach this milestone.

Finally, congratulations to the UTB Class of 2025! Here's to the future and to all the possibilities that lie ahead.

# School of Computing and Informatics

## SEKOLAH PENGKOMPUTERAN DAN INFORMATIK

**AWANG MUHAMMAD ZAKWAN BIN HAJI ZUNAIDI**  
Sarjana Muda Sains (Kepujian) dalam Multimedia Kreatif  
*Bachelor of Science (Honours) in Creative Multimedia*  
Kepujian Kelas Pertama (First Class Honours)

**UNIVERSITY EXCELLENCE AWARD**

With heartfelt gratitude to Allah Subhanahu Wata'ala, I look back on my journey at Universiti Teknologi Brunei (UTB) as a deeply transformative chapter of my life. Alhamdulillah, it was through His guidance that I found strength in every difficulty and ease in every trial.

Pursuing my degree in Creative Multimedia was rewarding and full of growth, marked by moments of doubt, resilience, and discovery. Serving on the Student Council taught me leadership, teamwork, and service. Though demanding, each experience became a stepping stone.

I am especially grateful for the opportunities UTB offered beyond academics. Representing the university at the Huawei Seeds for the Future Programme in Shenzhen, China, was a moment of great honour. Winning the Cyber Security Video Competition and taking part in the Microsoft AI Hackathon were experiences that stretched my abilities and gave me the confidence to believe in myself. These moments expanded my perspective and connected me to communities far beyond home.

My capstone internship at UiTM Puncak Alam in Malaysia was a defining part of my journey. Managing my final year project in a professional setting challenged my resilience, sharpened my technical abilities, and deepened my passion. Though it came with moments of doubt and exhaustion, it became one of the most rewarding experiences I've ever had.

Through it all, I've learned that success isn't just grades, but also perseverance in how we carry ourselves through hardship, and in how we grow to uplift those around us. These are the lessons I carry with me.

To my pillars of strength—Babah, Mama, Abang, Zikry, Wajih, and Izah—thank you for your unwavering support. To my lecturers—Dr. Azhan, Ms. Deenina, Sir Idham, Sir Ibrahim, and Dr. Ahmad—and my UiTM supervisors, Dr. Razeef Razak and Puan Lili Eliana—thank you for your guidance. To my BSCM friends—this journey was better with you in it.

فَإِنَّ مَعَ الْعُسْرِ يُسْرًا

“Indeed, with hardship comes ease.” — Surah Al-Inshirah (94:6)

This journey proved it every trial strengthened me, every setback taught me growth, and Allah's mercy made the impossible possible.

Congratulations, UTB Class of 2025! May perseverance bring ease, efforts bear fruit, and your future be full of blessings.

## *School of Computing and Informatics* **SEKOLAH PENGKOMPUTERAN DAN INFORMATIK**

**AWANG MUHAMMAD SYAHMI AL-'AZIM BIN MOHD. SHAHRON**

**Kepujian Kelas Pertama (First Class Honours)**

**UNIVERSITY EXCELLENCE AWARD**  
**BEST CAPSTONE PROJECT AWARD**

Firstly, I would like to express my most sincere gratitude to my family, friends, and the lecturers who have guided and supported me throughout my journey as an undergraduate.

Studying at UTB gave me more than technical skills; it has opened doors for me that I didn't even realise were there. The ExperiencePLUS programme allowed me to complete my internship and Capstone Project abroad and that experience has been immensely valuable as I got to work with a Korean tech company and apply what I learned in class to actual industry projects, all while exploring a whole new culture.

Of course, there were tough moments like deadlines, late nights, and pressure but it is in those moments that I believe I learned the most. A quote that best describes my experience at UTB is: "The apple doesn't even notice that it's been cut." – ONE, OPM. For me, this quote reflects how growth happens quietly through moments that challenge and force us to adjust. The environment provided by UTB, both on campus and abroad, pushed me out of my comfort zone, which in turn has enhanced my adaptability.

I'm truly grateful for the journey and am excited to see what comes next.

**UNIVERSITY EXCELLENCE AWARD**  
**BEST CAPSTONE PROJECT AWARD**

My time at Universiti Teknologi Brunei has been a defining chapter in both my academic and personal growth. It has been a journey of discovery, resilience, and transformation—shaping who I am today, not only as a future software developer but also as an individual. The curriculum at the School of Computing and Informatics was both challenging and comprehensive, offering a deep and practical understanding of the principles that drive modern technology.

Through rigorous coursework, hands-on projects, and collaborative learning, I've built a strong foundation for the next chapter of my life. What made this journey truly special were the people: dedicated lecturers who guided with patience and insight, peers who turned group projects into lasting friendships, and a community that encouraged both creativity and integrity. UTB fostered an environment where I could grow not just as a developer, but as a thinker and contributor.

I am deeply thankful to my family and friends for their unwavering support, encouragement, and belief in me throughout this journey. Their presence made the challenges bearable and the successes meaningful. As I celebrate this milestone, I extend heartfelt congratulations to my fellow graduates. May we continue to grow, inspire, and make a lasting impact wherever we go.

**BEST CAPSTONE PROJECT AWARD**

My time at UTB has been quite an interesting journey, one filled with valuable lessons, personal growth, and experiences I will always cherish. From the very beginning, I was met with challenges that pushed me beyond my comfort zone, but they also helped shape me into the person I am today.

I am eternally grateful for the guidance and support I received from all my lecturers throughout the years. A special thank you goes to Ms. Mey, who has been nothing short of an amazing mentor. Her encouragement, patience, and belief in my abilities have had a tremendous impact on me both academically and personally.

I also want to take this moment to acknowledge the unwavering love and support of my family and my beloved dogs. They stood by me through my highs and lows, offering comfort during the tough times and celebrating the small wins with me. Their presence was a constant reminder of why I started and why I needed to keep going.

As I close this chapter and look ahead, I carry with me the memories, the lessons, and the people who made this journey so meaningful. Thank you, UTB.

*Bachelor of Science (Honours) in Computer Networking*  
Kepujian Kelas Pertama (First Class Honours)

**UNIVERSITY EXCELLENCE AWARD  
BEST CAPSTONE PROJECT AWARD**

I am deeply grateful for the invaluable experiences and opportunities I have gained during my time at Universiti Teknologi Brunei (UTB). Being part of the School of Computing and Informatics has not only equipped me with a solid academic foundation but also shaped me into a confident and capable individual ready to take on the demands of the IT industry.

Through UTB's rigorous and industry-aligned curriculum, I developed core competencies in computer networking, web development, and digital forensics. The university's strong emphasis on hands-on learning was especially impactful, allowing me to apply theoretical knowledge through real-world projects and technical lab work. One of the most rewarding experiences was my capstone project, conducted in collaboration with the Royal Brunei Police Force. This project involved the development of a web-based Traffic Enforcement Management System, aimed at improving management of traffic violations. It was a meaningful opportunity to contribute to public service while refining my technical and problem-solving skills.

I am especially thankful for the mentorship and guidance of UTB's dedicated lecturers, whose support was instrumental in my academic and professional growth. I also appreciate the friendships built along the way, classmates who offered collaboration, motivation, and support that enriched my university experience. Most importantly, I am truly grateful to my family, whose unwavering support and encouragement kept me grounded and focused.

My journey at UTB has been instrumental in shaping my career aspirations and preparing me for future challenges. With sincere appreciation, I look forward to carrying the knowledge, discipline, and values gained at UTB into the next chapter of my career.

#### DAYANG NUR FATIMAH SYAMSIAH BINTI BUNYAMIN

Sarjana Muda Sains (Kepujian) dalam Pengkomputeran  
(Major Dalam Keselamatan Rangkaian)  
*Bachelor of Science (Honours) in Computing (Major in Network Security)*  
Kepujian Kelas Pertama (First Class Honours)

**UNIVERSITY EXCELLENCE AWARD**  
**BEST CAPSTONE PROJECT AWARD**

Alhamdulillah, all praises to Allah for His countless blessings and for granting me the strength to complete my studies at Universiti Teknologi Brunei (UTB), earning a Bachelor of Science (Honours) in Computing (Major in Network Security). I'm deeply grateful for the chance to pursue my degree here — a path I never expected, but one I'm incredibly thankful for.

UTB has been more than just a university. It became a place of personal and academic growth. Through this programme, I developed not only technical knowledge in network security, but also problem-solving, communication, and project management skills. It taught me how to think critically, work under pressure and adapt to new challenges, with lessons that went beyond lectures and applied to real-life situations.

There were times, especially in my first year, when I doubted myself. But alhamdulillah, I pushed through. A key highlight was my capstone project under the UTB ExperiencePlus programme in collaboration with UiTM Shah Alam, Malaysia, which allowed me to explore industry applications and sharpen my research skills. My involvement in MPPUTB also taught me leadership, teamwork and the value of stepping out of my comfort zone.

Special thanks to my closest loved ones, especially my Babu, Babah, and family. Your love and prayers carried me through every moment. To my friends and course mates, thank you for the memories and support. And to my lecturers and supervisor, I'm grateful for your guidance and belief in me.

As I close this chapter, I carry not just a degree, but experiences and growth I'll always cherish, along with newfound confidence and a deeper understanding of myself and my potential.

Congratulations to all graduates! May flowers bloom along the paths you choose

Sarjana Muda Sains (Kepujian) dalam Multimedia Kreatif  
*Bachelor of Science (Honours) in Creative Multimedia*  
Kepujian Kelas Kedua Atas (Upper Second Class Honours)

**MOST PROGRESSIVE AWARD  
BEST CAPSTONE PROJECT AWARD**

Alhamdulillah, praises to the Almighty, for all the blessings in my life, which include my journey to Universiti Teknologi Brunei (UTB).

It began differently than anticipated. Although I graduated from Maktab Sains Paduka Seri Begawan Sultan with 3 A-level passes, my points were just below UTB's minimum requirements.

To bridge this gap, I enrolled in the 14-week BriCOMP programme at Micronet International College, a UTB satellite partner, to qualify for the undergraduate programme I was eyeing. The programme was a significant challenge but opened the door to a new chapter in my life.

Upon entering UTB, I quickly realised the academic demands were much tougher. Heavy study loads and high expectations tested my resolve. I even had to retake an exam, which was a critical wake-up call that setbacks happen, but they are not the end. This experience made me more determined.

My undergraduate life wasn't without struggles — many late nights working on assignments, early morning rushes to lectures, and persistent deadlines. Yet, with the unwavering moral support of my parents, lecturers, and friends, I gradually improved. I gained better grades and enhanced my creativity and skills.

One vital lesson I learned was balancing priorities. It's easy to overwork but knowing when to focus and when to rest is equally important. Rest, combined with clear priorities, helped me sustain energy and concentration during challenging periods.

Reflecting on my journey from Micronet to graduating from UTB, it has been transformative. Though difficult, every challenge strengthened me. Hard work, perseverance, and balance truly paid off. I'm proud and deeply grateful to UTB, my parents, dedicated lecturers, and everyone who supported me throughout this incredible journey.

## SEKOLAH PENGKOMPUTERAN DAN INFORMATIK

**AWANGKU MUHAMMAD AMIRUL HAMDI BIN PENGIRAN AYUP**

Sarjana Muda Sains (Kepujian) dalam Keselamatan Maklumat  
*Bachelor of Science (Honours) in Information Security*  
Kepujian Kelas Pertama (First Class Honours)

**SPECIAL RECOGNITION AWARD**

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

In the name of Allah, The Most Gracious, The Most Merciful.

Alhamdulillah, I am profoundly grateful to UTB for nurturing not only my academic aspirations but also my personal growth. UTB has been more than a place of study—it has been a transformative journey that instilled in me resilience, discipline, and a sense of purpose to contribute meaningfully to the future and am incredibly grateful for this recognition.

As an Information Security student, I was privileged to learn in an environment defined by academic excellence, supportive peers, and dedicated mentorship. These experiences have shaped my values and strengthened my determination to excel in a rapidly evolving field.

A defining highlight of my studies was being selected to participate in the ExperiencePlus Programme at MMU, Kuala Lumpur. This opportunity broadened my perspective, inspired innovation, and encouraged me to step beyond my comfort zone. Undertaking a Machine Learning project, despite it being outside my course modules, challenged me to embrace new knowledge and proved that perseverance and curiosity are key to unlocking new frontiers.

Equally significant was my Internship Training at the Special Education Unit, which deepened my maturity, adaptability, and sense of social responsibility. It provided invaluable exposure to the working environment and strengthened my capacity to contribute with empathy and purpose.

My sincere appreciation goes to my local and host supervisors, Ms. Yeo Sy Mey and Ms. Siti Husna, whose guidance and encouragement were invaluable throughout this experience. I would also like to express my gratitude to two remarkable individuals, Ms. Serina binti Mohd Ali and Ms. Yeo Sy Mey, whose unwavering belief in me from the very beginning has been instrumental in my success, as well as to everyone else who has contributed to my journey.

Graduating with First Class Honours is a milestone that reflects not only years of hard work and dedication—*24/7/365, never “last minute.com”!*—but also the exceptional support system around me. To my parents, I owe my deepest gratitude for their unwavering support, sacrifices, and constant encouragement.

As the saying goes, *“A journey of a thousand miles begins with a single step.”* This achievement represents not just my step forward, but the collective strength of all who have walked beside me. With this foundation, I look ahead with confidence and commitment to advancing the field of Information Security, contributing to society, and inspiring others to pursue their own journeys with courage and purpose.

## School of Computing and Informatics SEKOLAH PENGKOMPUTERAN DAN INFORMATIK

**DAYANGKU NUR AZEERAH BINTI PENGIRAN MOHD  
NORHAMDANI**

Sarjana Muda Sains (Kepujian) dalam Sains dan Teknologi Makanan  
*Bachelor of Science (Honours) in Food Science and Technology*  
Kepujian Kelas Pertama (First Class Honours)

**UNIVERSITY EXCELLENCE AWARD**

Alhamdulillah, all praise is due to Allah for bestowing upon me the blessings to pursue and complete my degree as a Food Science and Technology undergraduate in UTB.

First and foremost, I would like to thank all the people who have supported me through this journey. In UTB, I have met a lot of people who have become part of my study journey, and I am forever grateful for their presence. I hope the friendship we have formed will continue to flourish and I will pray for the best for everyone's future endeavours.

My university life has given me the opportunity to grow not only academically but also personally. I have achieved several things during my years at UTB, such as being awarded the Dean's List for two consecutive years, winning a food innovation competition and several gaming tournaments. These achievements would be impossible without the continuous support from my dearest group mates and good teamwork with my teammates. I truly enjoy the joyous moments we have shared together.

UTB has also given me the chance to explore new things outside my comfort zone during my ExperiencePLUS at the University of Osaka, Japan. My deepest gratitude to Dr. Aida, Dr. Syazana, Dr. Phuah, Arai-sensei and the mentors who had guided, helped, supported and taught me during my final year project. Also, I really had fun with the cultural exchange not only with my Japanese friends, but also my fellow Indonesian, Filipino, Iranian, and Thai friends. This experience had really broadened my mind as a person who had never travelled to another country before the internship programme.

And now, my journey as an undergraduate has ended. I decided to further my studies as a postgraduate student at UTB. I am looking forward to what this life has to unfold for me. Thank you UTB!

Entering UTB as a mature student, I carried uncertainty about how I would adjust to an academic environment where most of my peers were younger than me.

I wasn't sure if I could keep up or find a sense of belonging. Fortunately, those concerns quickly faded. The environment at UTB over the past three years has been both engaging and rewarding, thanks to my classmates and lecturers who consistently created an inclusive and supportive learning space. Their encouragement made all the difference in helping me feel part of the UTB community.

Throughout my Bachelor's journey, there were times when the workload felt overwhelming or when self-doubt crept in. In those moments, I leaned on the unwavering support of my loved ones. I'm truly thankful to my parents, siblings, and friends for standing by me through every high and low. Their constant encouragement reminded me of my own strength and helped me keep going. I also want to express my heartfelt gratitude to the late Prof. Dr. Sankar Duraisamy Sambasivam. He was more than an educator; he was a mentor, a source of inspiration, and a steady guide throughout my studies. His kindness, patience, and belief in his students left a lasting impression on me. His legacy continues to motivate me.

Looking back, my time at UTB has been deeply impactful. I've gained knowledge and practical skills, but I've also grown in ways that go far beyond academics. I've become more resilient, more open-minded, and more confident in my abilities. I've learned the value of collaboration, the importance of lifelong learning, and the power of perseverance.

Finally, I want to thank everyone who has been a part of this chapter of my life. To my lecturers, course mates, friends, and family – your support, kindness, and encouragement have meant more than I can express. This achievement is not mine alone; it is shared with all of you who helped make it possible.

As I prepare to graduate, I carry with me not just a degree but a collection of memories, lessons, and meaningful relationships that I will always cherish.

Kepujian Kelas Pertama (First Class Honours)

**UNIVERSITY EXCELLENCE AWARD**

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

In the name of Allah, The Most Gracious, The Most Merciful.

Alhamdulillah. My 3-year journey at UTB has been one of growth, discovery, and transformation. UTB gave me the opportunity to challenge my limits, embrace new experiences, and develop not only academically but also personally. It has been a rewarding chapter that I will always look back on with deep gratitude.

In the beginning, I doubted my own capabilities. However, with the support of dedicated lecturers and my own perseverance, I gradually gained confidence and began to recognise my potential. Midway through my studies, I was honored to receive the Dean's List Award, a turning point that motivated me to continue striving for excellence.

A key milestone was receiving a fully funded scholarship to participate in the UTB ExperiencePLUS program at Universiti Sains Malaysia (USM), Pulau Pinang. There, I served as a Research Assistant, gaining exposure to real-world academic research and enhancing my analytical skills. I also successfully completed an independent Capstone Project under the supervision of my host supervisor, Dr. Mohd Tahir Ismail, from the School of Mathematical Sciences, USM.

I am sincerely grateful to Dr. Amer Demirovic and Ms. Siti Mazulianawati binti Haji Majid for their continuous support throughout the six-month placement period, and to the late Professor Dr. Sankar Duraisamy Sambasivam whose guidance, though brief, was greatly appreciated.

UTB has not only provided me with a strong academic foundation, but also shaped my character, resilience, and sense of purpose. From the nurturing campus environment to the inspiring lecturers and vibrant student community, I am truly thankful for the people and experiences that shaped who I am today.

As I step into the next chapter, I hope to grow, contribute, and inspire, with the knowledge, values, and confidence I gained from UTB.

إِنَّا فَتَحْنَا لَكَ فَتْحًا مُّبِينًا

“Indeed, we have given you, [O Muhammad], a clear conquest.”  
(Surah Al-Fath, 48:1)

Finally, I am grateful to my family, especially my parents and siblings, for their unwavering

Kepujian Kelas Pertama (First Class Honours)

**UNIVERSITY EXCELLENCE AWARD**  
**BEST FINAL YEAR PROJECT AWARD**

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

First and foremost, Alhamdulillah, all praises to Allah S.W.T for the guidance and blessings He has bestowed upon me. I would like to express my gratitude to my parents, Mama and Babah. Their prayers, love, and support are an integral part of where I stand today. I would also like to extend my thanks to my siblings, family, lecturers, and friends who have been by my side throughout my time at UTB. Their encouragement and guidance have been the fuel that kept me going.

My time at UTB was filled with challenges as well as happiness, laughter, and excitement, from attending online classes with friends in the library to completing assignments and reports late at night. Along with field trips to Muara port watching cattle being unloaded from livestock ships at the crack of dawn and making numerous visits to agricultural fields. The Agrotechnology course not only equipped me with theoretical knowledge of agriculture, sustainability, and business, but also provided valuable field trips to farms and food companies, which exposed me to real-life experience in agriculture. They allowed me to fully appreciate those who are involved in the agriculture sector and who play an important role in providing food for Brunei.

Finally, but importantly, I extend my heartfelt thanks to the Government of Brunei Darussalam and UTB for the opportunities that are pivotal for my personal growth and created an unforgettable chapter in my life. I am also grateful for the privilege of completing my capstone project at Universiti Putra Malaysia, Selangor, where I was not only introduced to various lab instruments and able to refine my lab techniques, but also had the opportunity to enhance my life skills.

Three years felt so short but so long and filled with countless memories. I came with nothing and left with so much. Thank you UTB, here's to a new beginning and the next chapter.

## *School of Applied Sciences and Mathematics* **SEKOLAH SAINS GUNAAN DAN MATEMATIK**

**BEST FINAL YEAR PROJECT AWARD**

Bismillahirrahmanirrahim.

Alhamdulillah, all praise and gratitude to Allah SWT, the Most Compassionate for all the success and rizq that has been blessed upon me. My time as a Food Science and Technology student at Universiti Teknologi Brunei has been incredibly rewarding. I am forever grateful for having the opportunity to pursue a programme that I have always dreamed of.

My studies at UTB have equipped me with a strong foundation in matters related to food science including food chemistry, process engineering, sustainable food systems, food formulation, food and nutrition, and many more, which are important for starting a meaningful career in the food industry. Furthermore, I had the chance to visit several significant organisations and companies that are vital to Brunei's food industry namely Department of Scientific Services (DSS), Muara Port Company Sdn Bhd and Ben Foods Sdn Bhd. This opportunity provided practical insights into the day-to-day activities and procedures conducted to ensure high-quality and safe food across the nation.

Beyond academics, my involvement in student organisations positively shaped my university experience. UTB provided ample opportunities to participate in a wide range of extracurricular activities including university-wide events, competitions, clubs, forums, and talks, creating an active campus community. I am fortunate to join as a committee member in Campus L.E.A.D School of Applied Sciences and Mathematics (2023-2024), and Food Science Technology and Agrotechnology Student Chapter (2024-2025). These roles allowed me to join in the planning and execution of various events (e.g. Ecovention, UTB Carnival, Food FeSTA) allowing me to practice existing soft skills, foster meaningful connections, manage time efficiently and develop leadership abilities.

A big thank you to my lecturers, family, friends, peers and most importantly, my beloved cat for being my support system throughout my academic years. I am truly lucky to be surrounded by incredible individuals who have consistently given me an abundance of guidance, encouragement and faith at every stage of this chapter of my life.

Congratulations, Class of 2025!

“I’m just doing what I think is fun,” has always been a personal motto I’ve followed, and it somehow brought me to UTB. I came with the simple intention of gaining knowledge, but I’ve walked away with so many more lessons about interpersonal relationships, the value of good companionship, and the beauty in our shared imperfections.

From the bottom of my heart, I’m deeply grateful to my family for making it possible for me to pursue what I love. I’m also truly thankful to every person I’ve encountered at UTB—whether it’s classmates, CCA club members, or our inspiring professors. Each interaction has shaped me, challenged me, and helped me grow.

Every semester brought new challenges and opportunities for personal development, and I’ve grown not only in knowledge but also in character. Despite the hurdles we’ve faced in our academic journey, I wouldn’t trade the experience for anything. The friendships I’ve built, the laughter shared, and even the late-night assignment submission deadlines will always hold a special place in my heart.

Thank you, UTB, for three memorable years. It’s been a meaningful, enriching, and truly fun ride.

### **BEST FINAL YEAR PROJECT AWARD**

My university journey has been a true testament to growth, perseverance, and the power of support.

It wasn't always easy. Along the way, I faced various setbacks, challenges, and moments of self-doubt. There were times when I questioned my abilities and felt unsure about the path ahead. But instead of letting those struggles define me, I chose to use them as motivation to grow and keep moving forward.

Each challenge taught me something valuable about discipline, consistency, and staying committed even when things got tough. Over time, I grew not only as a student, but as a person.

I am truly grateful to my family for their endless support, and of course, to my loved one, whose constant encouragement gave me strength when I needed it most. My sincere thanks also go to my lecturers and UTB's academic staff, whose patience and guidance helped shape my journey.

To anyone going through their own struggles, know that setbacks are part of the process. Growth often comes from how we choose to rise after falling. Keep going. Your journey is valid, and it matters.

Thank you, UTB, for shaping me into who I am today.

Sarjana Muda Sains (Kepujian) dalam Seni Bina  
*Bachelor of Science (Honours) in Architecture*  
 Kepujian Kelas Pertama (First Class Honours)

**UNIVERSITY EXCELLENCE AWARD**  
**BEST CAPSTONE PROJECT AWARD**

Fueled by curiosity and a deep appreciation for art, history, and society, I thrive on challenges that reveal my true potential. Architecture became my calling. All praise to Almighty God for blessing me with a First-Class Honours degree in Architecture. Studying at UTB in a course aligned with my passion has been a vibrant journey, marked by milestones and experiences that shaped my character, unveiled my strengths, and challenged my limits, ultimately shaping me into the person I am today.

UTB has provided a distinctive experience, fostering development through intellectual and co-curricular engagement. I am proud to have been part of this enriching environment. Enrolled in a creatively oriented programme, I found that each semester represented a progressive journey. One that not only deepened my academic knowledge but also cultivated personal growth, self-discovery, and capabilities.

The creative freedom embedded within the curriculum served as both a catalyst and a source of motivation in enduring the mental and physical demands of the course, making the experience fulfilling and meaningful.

Through rigorous training and diverse learning experiences, my competencies have expanded beyond the boundaries of design. The culmination of my academic journey was the capstone research project, a defining achievement that required substantial effort, critical thinking, and perseverance. This accomplishment was made possible through the invaluable guidance of dedicated lecturers, especially Dr. Zin Kandar and the consistent support of my course mates, whose encouragement helped me navigate moments of uncertainty and doubt.

My undergraduate studies concluded with the impactful fully funded Experience Plus Programme in Kuala Lumpur, a valuable opportunity that broadened my perspective and allowed me to perform tasks to my fullest potential. The exposure and opportunities offered by UTB have made my academic journey both transformative and unforgettable.

Thank you, UTB, for the memories, growth, and transformation. They will forever remain a part of me. Never settle for less.

## School of Design SEKOLAH REKA BENTUK

### **AWANG AIMAN BIN ROSLAN**

Sarjana Muda Sains (Kepujian) dalam Reka Bentuk Produk  
*Bachelor of Science (Honours) in Product Design*  
Kepujian Kelas Pertama (First Class Honours)

### **UNIVERSITY EXCELLENCE AWARD**

Alhamdulillah, all praises to Allah for His guidance, strength, and blessings throughout my journey at UTB. I am deeply grateful to my parents for their unwavering support, encouragement, and prayers that sustained me every step of the way. Graduating with First Class Honours and receiving the Dean's List award in my second year are milestones I am thankful for, and they serve as reminders of how far I've come.

One of the most memorable projects during my journey at UTB was designing a pesambah for UTB-STE Connect 2023. This project provided me with the opportunity to reflect on local traditions by creating something meaningful for the event. It was a rewarding experience to see how design could carry both function and a sense of cultural identity.

I am truly grateful to UTB for the opportunity to participate in the ExperiencePLUS programme abroad at Istanbul Sabahattin Zaim University in Türkiye. During the two-month internship, I was exposed to a different learning environment that helped me adapt, think more openly, and see things from new perspectives. It was an eye-opening experience that contributed greatly to both my learning and personal growth.

Additionally, during my studies at UTB, through one of my modules, my team and I founded Seven Co., a startup company focusing on 3D printing and laser cutting. It was a hands-on experience that taught us about creativity, collaboration, and entrepreneurship.

I am sincerely thankful to UTB and my lecturers for their guidance and support throughout my studies. The opportunities, encouragement, and lessons I received made a lasting impact on my journey, both academically and personally. It has been a wonderful experience.

## School of Design SEKOLAH REKA BENTUK

### **DAYANG NADHIRAH BINTI AMIR**

Sarjana Muda Sains (Kepujian) dalam Reka Bentuk dan Teknologi Fesyen  
*Bachelor of Science (Honours) in Fashion Design and Technology*  
Kepujian Kelas Pertama (First Class Honours)

**UNIVERSITY EXCELLENCE AWARD  
BEST CAPSTONE PROJECT AWARD**

First and foremost, I would like to express my deepest gratitude to Allah the Almighty for granting me the strength, patience, and perseverance to complete this degree. Without His guidance, this milestone would not have been possible.

To my beloved family and friends, thank you for being there for me through it all—the highs and the lows, the challenges and the triumphs of my degree. Your presence, patience, and unwavering support have meant more than words can express. Your faith in me has been the foundation of my motivation and resilience.

Graduating with a degree in Fashion Design & Technology has been one of the most transformative experiences of my life. I came into this course with absolutely no background in fashion, not even basic knowledge of how to sew. What made this journey both nerve-wracking and exciting was the realisation that every design I created had the potential to come to life.

Over the past three years, I've had my fair share of challenges. There were designs I couldn't fully achieve and ideas that didn't work out, and that's okay. That's the beauty of learning: it's not always perfect, but it's always meaningful.

Being part of the second intake for Fashion Design & Technology at UTB, I witnessed firsthand how the course, though still new, opened doors to creativity and exploration. We may have only touched the surface of what fashion truly is, but I'm proud of what we've achieved. I'm excited to see how the programme grows after us as the next generation of fashion designers.

### **BEST CAPSTONE PROJECT AWARD**

Bismillahirrahmanirrahim.

First and foremost, I am profoundly grateful to Allah (SWT) for the enriching journey I had at Universiti Teknologi Brunei (UTB). My time here was a truly transformative experience, and I am thankful for the support and opportunities that have shaped my academic and personal growth.

Studying Product Design under the School of Design (SDe) was everything I had hoped for. The programme provided me with the valuable knowledge and hands-on skills necessary for my future career, and graduating with First Class Honours is a testament to the hard work and dedication fostered by this excellent curriculum. The SDe staff were more than just educators; their passion for design and commitment to our success created a nurturing and inspiring environment. Their guidance was instrumental in helping me navigate the complexities of design and push the boundaries of my creativity.

A key highlight of my journey was the ExperiencePLUS abroad programme at Istanbul Sabahattin Zaim University in Türkiye. This transformative experience extended my learning far beyond the classroom, exposing me to new academic and cultural perspectives.

It was an invaluable opportunity that not only enhanced my design sensibilities but also equipped me with a global mindset and a deeper understanding of my craft.

As I reflect on my time at UTB, I am filled with gratitude for my friends, family, and all the SDe staff and lecturers who supported me every step of the way. My experience at UTB has been pivotal, and I am eager to apply the lessons learned and the values gained in my future endeavors. This university is a place where students are not just taught but are truly empowered to grow into well-rounded individuals. I am confident that the strong foundation I received here will serve me well as I pursue a career in design and strive to make everyone proud. Thank you to UTB and to everyone who contributed to my journey.

**UNIVERSITY EXCELLENCE AWARD**

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

“In the name of Allah, the Most Gracious, the Most Merciful”

All praises and gratitude be to Allah, the Almighty, for the countless opportunities and blessings through every step of this journey. As I reflect on my three years at Universiti Teknologi Brunei (UTB), my heart is filled with deep humility and thankfulness. There were moments of joy, doubt, growth, and struggle, but through it all, it was Allah’s unwavering guidance that gave me strength when I felt weak, hope when I was uncertain, and courage when the path ahead seemed unclear.

One of the standout experiences during my time at UTB was getting the opportunity to do the ExperiencePLUS internship programme at Universiti Sains Malaysia (USM), where I served as a research assistant intern. This opportunity became a turning point in my personal and professional growth. Immersing myself in a real-world research environment not only deepened my understanding of the field but also allowed me to apply my communication skills. It taught me how to think critically under pressure, collaborate with purpose, and adapt to challenges with resilience. Most importantly, this opportunity has shown me that I am capable of so much more than I often believe.

Another significant milestone was completing my Final Year Capstone Project on “Communicating Orangutan Conservation Efforts to Young People” under the guidance of Dr. Lee Kok Yueh (UTB) and Assoc. Prof. Dr. Nik Norma Nik Hasan (USM). Their guidance was crucial in achieving an A despite the challenges and setbacks. Additionally, having the chance to present my project during the UTB FYP Showcase in May 2025 was a humbling moment, which reminded me of the power of communication to inspire awareness and change.

To all my lecturers, your dedication went far beyond the classroom. Your ability to make complex topics understandable and your belief in my potential meant more than words can express. Your guidance and encouragement played a big role in helping me earn the Dean’s List Award in 2024, and for that, I am deeply thankful. I would also like to extend my heartfelt gratitude to Universiti Teknologi Brunei for providing exceptional guidance, opportunities and a nurturing academic environment throughout my degree journey.

None of this would have been possible without the constant prayers and support from my beloved parents, Haji Suhib bin Haji Sulaiman and Shanti binti Haji Md Daud, my siblings, extended family, and closest friends. Thank you for believing in me and standing by my side throughout this journey.

To my late grandparents, this award is dedicated to you. I wish you could witness this moment.

Lastly, congratulations to all Class of 2025 graduates.

**CHANCELLOR'S AWARD MEDAL  
BEST FINAL YEAR PROJECT AWARD**

The journey of balancing elite sport and academics is never easy, but at UTB I found a support system that made the impossible feel possible. Here I learned that chasing dreams on the international stage and growing intellectually are not separate paths; they are parts of the same journey.

Throughout my time at UTB, I was encouraged to pursue both my athletic ambitions and academic goals without compromise. The understanding and support from my lecturers allowed me to adapt my studies around the demands of elite training, giving me the confidence to excel in both arenas.

This experience has strengthened my voice not only in academic expression but also in advocacy. As a young woman in sport, I have seen the inequalities that quietly persist. The balance of giving and receiving is not always equal and that has fueled my commitment to fight for equity, amplify unheard stories, and create a future where women in athletics can truly thrive.

I am forever grateful to my beloved father and late mother, who believed in my right to walk a non-traditional path where I never had to shrink any part of myself to fit in. To my brother, Walid, who always reignites my spark when times feel dim. To all those who believed I could be both strong and scholarly, bold and balanced, thank you.

Alhamdulillah for the journey that has shaped me, the people who have guided me, and the lessons that will last a lifetime. Insha'Allah, I will carry this spirit forward, always striving to leave a meaningful mark.

PENOLONG PEGAWAI PERHUBUNGAN AWAM GRED 1  
PEJABAT KOMUNIKASI KORPORAT  
UNIVERSITI TEKNOLOGI BRUNEI

### KONSEP DAN REKABENTUK MOTIF

Logo Konvokesyen ke-13 berinspirasi obor berteraskan angka Jawi ١٣, melambangkan cahaya ilmu yang diwarisi dari satu generasi ke generasi seterusnya. Dihasilkan dalam rona biru, ia menggambarkan kebijaksanaan, kepercayaan, serta pemikiran progresif yang mencerminkan nilai akademik Universiti Teknologi Brunei dan komitmennya terhadap kemajuan.

Obor ini turut menzahirkan peranan UTB sebagai jambatan yang mempertautkan idea merentas disiplin dan budaya, manakala nyalaan biru melambangkan panduan dalam membina masa hadapan. Berpaksikan tradisi namun berpandangan ke hadapan, reka bentuk ini meraikan mercu tanda kecemerlangan akademik dan inovasi.

### CONCEPT AND MOTIF DESIGN

*The 13<sup>th</sup> Convocation logo is inspired by a torch shaped around the Jawi numerals ١٣, symbolising the light of knowledge passed from one generation to the next. Rendered in blue, it reflects wisdom, trust and progressive thinking, embodying Universiti Teknologi Brunei's values and commitment to advancement.*

*The torch also signifies UTB's role as a bridge connecting ideas across disciplines and cultures, while the blue flame represents guidance in shaping the future. Rooted in tradition yet forward-looking, the design celebrates a milestone of academic excellence.*

# Konsep Reka Bentuk Buku

## MAJLIS KONVOKESYEN 2025 UNIVERSITI TEKNOLOGI BRUNEI

### NOMBOR 13 DALAM TULISAN JAWI

Melambangkan Majlis Konvokesyen Universiti Teknologi Brunei yang ke-13 serta kesinambungan tradisi ilmu.

### THE JAWI NUMERAL 13

*Represents Universiti Teknologi Brunei's 13<sup>th</sup> Convocation and the continuity of knowledge tradition.*

### BENTUK OBOR

Menggambarkan cahaya ilmu pengetahuan yang menjadi panduan dan warisan daripada satu generasi ke generasi seterusnya.

### TORCH FORM

*Symbolises the light of knowledge as a guiding force, passed down from one generation to the next.*

### BENTUK API

Nyalaan api pada logo melambangkan semangat yang tidak pernah padam dalam mencari ilmu, menjadi cahaya panduan untuk membina masa hadapan.

### FLAME SHAPE

*The flame represents an enduring spirit in the pursuit of knowledge, serving as a guiding light for building the future.*

### WARNA TEMA BIRU

Mencerminkan kebijaksanaan, kepercayaan, dan kecerdikan sebagai asas kecemerlangan akademik dan inovasi.

### BLUE THEME COLOUR

*Reflects wisdom, trust, and intelligence as the foundation of academic excellence and innovation.*

## Penghargaan

Pengerusi dan Ahli-Ahli Jawatankuasa Majlis Konvokesyen Universiti Teknologi Brunei 2025 Merakamkan Ucapan Jutaan Terima Kasih dan Setinggi-Tinggi Penghargaan Kepada Para Penaja, Kementerian-Kementerian, Jabatan-Jabatan dan Semua Yang Terlibat Secara Langsung Ataupun Tidak Langsung Atas Memberikan Kerjasama Dalam Sama-Sama Menyempurnakan dan Menjayakan Majlis Konvokesyen Pada Tahun Ini.

Semoga Allah Subhanahu Wa Ta'aala Jua Yang Membalasnya.

Aamiin.
